FEDERAL HIWAY RUNS THROUGH CITY TO WEST

COAST TO COAST DESIGNATION OVER ABO PASS.

First Coast to Coast Federal Highway Through Panhandle Coming to City.

The first coast to coast federal highway to be designated for the Panhandle will come through Canyon, according to information received here yesterday. This highway follows the Abo Pass and Southwest Trails, which were familiar designations made several years ago by highway promoters.

This highway enters the state at Higgins, coming to Amarillo, then to Canyon, and west to Clovis, and on No. 33 west to California. It was designated as being the most direct and useable the year around highway for the Southwest, and will attract much tourist business.

Just what effect the designation will have on the paving program for the various counties is not known. The highway in Texas from Pampa to Canyon is paved, but this is the only section which has been hard surfaced. It is likely that with the federal designation, counties which do not have paving projects will take immediate actions to complete the paving.

Randall county has funds to hard surface the highway west to the county line as soon as the right-of-way question is settled. However, it was not planned to put down a concrete surface on this highway, and with the proposed addition traffic, the question may arise as to the desirability of putting down a better grade of paving. Also the question of routing through, or around Canyon is still unsettled, as no agreement has been reached between the city and the county as to the route to be taken.

Bufs Take 2nd Place in Conference When Denton is Whipped

The Bufs advanced a notch in the T. I. A. A. pennant race Tuesday when the Sam Houston Teachers College bowled the Denton Eagle off the high perch. Both of these teams were holding first place jointly with no defeats. The Bufs were hanging in third place with no defeated, but a tie game, which counted a half game against them.

It is very likely that the Bear-kats will end the season with a perfect score, as they close next week against the Stephen F. Austin Lumberjacks, which team was so badly whipped last Saturday by the Bufs.

The Thanksgiving game stands between the Bufs and a secure hold on second place. McMurry Indians will do their best to top-pled over the Bufs, who have not lost a conference game. Likewise the Bufs are going in to win the last conference game with the Indians for a cinch on the second place.

DR. GRAINGER SPEAKS AT OSTEOPATHIC MEDICAL MEET

Dr. H. G. Grainger spoke before a meeting of the Potter County Osteopathic Association held in the Amarillo Hotel Thursday. He selected as his subject a discussion of "Lymphatic Drainage in Acute Diseases." Dr. Grainger emphasized the mechanical treatment of congestions associated with infectious processes.

J. B. Elliston left Monday on a business trip to New Mexico.

Will Print News Early Next Week

On account of the Thanksgiving holiday next Thursday, the News will be published on Wednesday afternoon instead of Thursday morning.

All advertisers, correspondents and reporters are asked to cooperate in getting their copy into the News office one day earlier than usual in order that the News force may be able to enjoy the Thanksgiving holiday together with all the other business firms of Canyon.

FALL WEATHER IDEAL: FLOWERS IN BLOOM

Panhandle folks have been one of the most pleasant fall times this section has ever known.

The middle of November usually has witnessed a number of freezes, with vegetation dead as the result of the cold.

There is the list of flowers which were found to be blooming in one garden in Canyon on Saturday, November 15: Chrysanthemums, Marigold, Shasta Daisies, Roses, Violets.

A bouquet of roses picked last Saturday was as perfect as any found in Canyon during the summer months.

Miss Walker on World Trip With Floating Univ.

Miss Darthula Walker, head of the department of Geography of W. T. has been chosen as a member of the faculty of the Floating University, and left this week for New York where she will embark for a cruise around the world. She has been granted a year's leave of absence from her work here. Miss Walker will return for the fall session, 1931.

The Floating University Cruise around the world is making its fifth voyage, with Dr. James Edwin Lough of New York University as director of education, and with Dr. William Henry Crawshaw, dean of Colgate University as its dean. Miss Walker was invited several months ago to become a member of the geography department of the floating university, and she will be associated with Dr. Jesse Perry Rowe, of the University of Montana, who heads the department.

Miss Walker will teach three courses, including a seminar course which is open only to students of graduate rank.

The floating university offers students an opportunity to pursue work of university rank, and at the same time it provides a sound and liberal education in world affairs. Its founders believe that it will also lay the foundation for international goodwill, through the contact which is offered with students and people of many lands.

One hundred thirty-five ports, cities and towns in thirty countries are visited during the year. Short periods of resident study have been arranged in the universities of Heidelberg, Oxford and Perugia. Final examinations for the students are held on ship board, the final days of the long cruise.

The faculty of the floating university around the world cruise is limited to thirteen persons, and the selection of Miss Walker for one of this number is considered a very great honor to her individually and to the college to which she belongs, according to President J. A. Hill. Besides extensive academic training received in Peabody College, the University of Chicago, and the University of California, Miss Walker is a joint author of a Geography of Texas. This was considered when she was elected for a place on a faculty of experts chosen from the best universities of the United States.

In ten years the geography department at Canyon with Miss Walker as its head has grown from a tiny beginning to be one of the largest and most valuable departments in the entire college. Approximately two hundred students take work in the department each regular session and almost the same number are reached in the summer.

FIRE ALARM EARLY TODAY.

The fire department answered an alarm about 8:40 this morning coming from the 1500 block on Ninth Avenue. The fire, which slightly damaged a Studebaker automobile owned by O. O. Baker, originated in the driveway of the barn at the J. W. McCrerey home. The car was pushed from the barn and the fire extinguished before the department reached the scene.

Virgil Gore attended the annual conference of the Methodist church held at Sweetwater the past week.

E. D. Harrell is in South Texas on a hunting trip.

C. E. JAMESON RETURNED TO LOCAL CHURCH

L. N. LIPSCOMB IS NEW PRESIDING ELDER OF DISTRICT

Rev. J. P. Patterson Moved to Plainview Circuit, But Continue Living Here.

Rev. C. E. Jameson was returned as pastor of the local Methodist Church for his third year when the annual Northwest Texas Conference closed Sunday night in Sweetwater.

The Canyon charge was changed from the Plainview district to the Amarillo district, and Rev. L. N. Lipscomb made presiding elder. Rev. Lipscomb has preached here several times, while a pastor at Hereford several years ago, and later while pastor at Plainview.

Rev. J. P. Patterson was transferred from the Buchanan Street Methodist Church, Amarillo, to the Plainview circuit. The Patterson family has lived in Canyon since last fall, when a son entered the College as a freshman. The family will continue to live here.

Rev. M. M. Beavers was continued as presiding elder of the Plainview district.

The following were the assignment for the Amarillo district:

L. N. Lipscomb, presiding elder; Amarillo, Buchanan Street, J. S. Huckabee; Polk Street, Ira F. Key; San Jacinto, W. P. Garvin; Tenth Street, Herbert H. Hamilton; Borger, A. W. Gordon; Bovina, Z. B. Pirtle; Canyon, C. E. Jameson; Channing-Hartley, G. H. Bryant; Dalhart, G. T. Palmer; Dimmitt, J. R. Bright; Dimmitt Circuit, J. E. Peters; Dumas, I. E. Walker; Friona, Ancil Lynn; Hereford, J. M. Fuller; Miami, J. W. Chisholm; Perryton, C. E. Pike; Stinnett, DeWitt Van Pel; Vega, Joe E. Eldridge; White Deer, E. C. Raney; Phillips church, A. D. Jameson; Wildorado, Hubert Thompson; general evangelist, F. M. Neal.

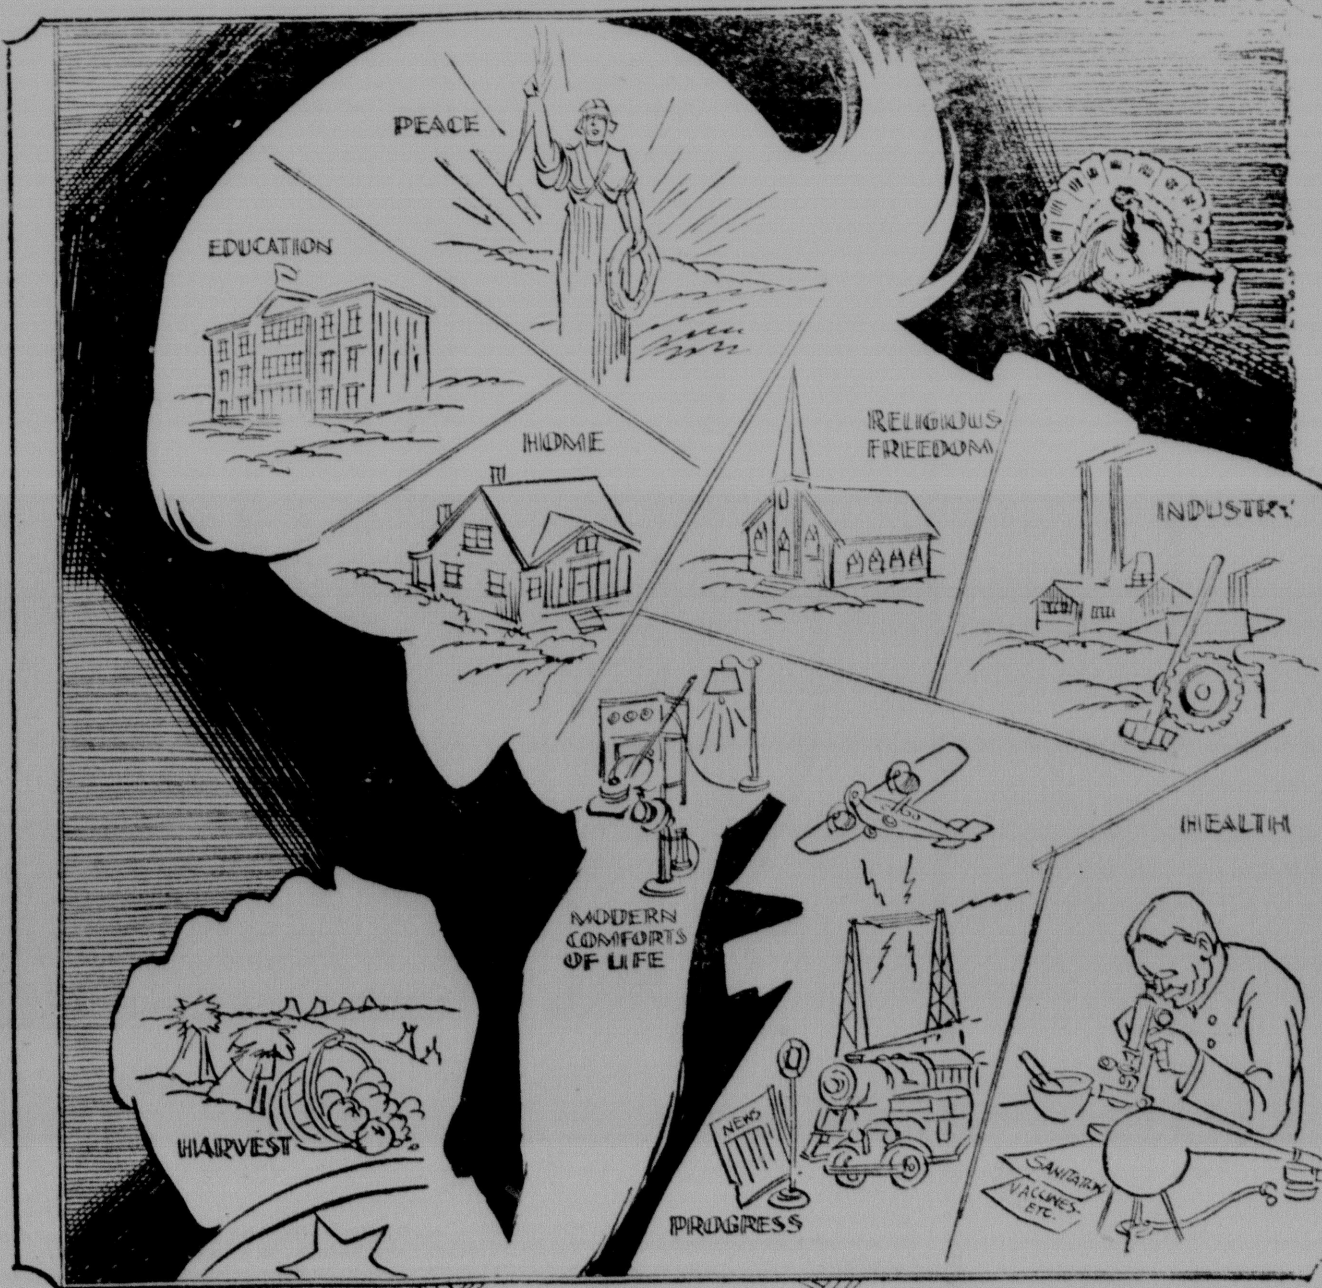

Colder Weather, and Light Snow Comes in Norther Wednes.

A breath of winter weather hit the Panhandle yesterday, following one of the most open falls this section has enjoyed in years.

Snow flakes were in evidence during the day, but at no time did the snow fall in sufficient quantity to cover the ground. A good snow is reported on the North Plains.

Do your shopping in Canyon.

AFTER ALL WE HAVE A LOT TO BE THANKFUL FOR!

Miss Burroughs to Appear Over Radio

It has been announced that Miss Lilla Beth Burroughs, daughter of Mr. and Mrs. E. Burroughs, will appear in an organ recital on Saturday morning, November 22, over Radio Station KGRS between 7:30 and 8:00 o'clock.

Miss Burroughs will share a part of the time allotted to the usual morning organ recital broadcast daily from the Amarillo station. The announcement was made public early this week in order that her many friends in Canyon may tune in for the program.

Children's Theatre Entertain Schools This Afternoon

The Children's Theatre of W. T. under the direction of C. W. Batchelder, is inviting all of the children of the schools of Randall county and other schools nearby to be guests at the Children's Theatre performances at some time during the year.

Mr. Batchelder believes that every child should have an opportunity to see plays which are suitable to child life and the invitations to teachers and pupils of rural schools are a part of the college's service to the children of this region.

The Treasure of Carassonne, one of the most beautiful plays of the year, will be given this afternoon. The children and teachers of the Fairview, Umbarger and Burtz schools of Randall are to be the guests today.

The children from the Presbyterian Orphan's Home at Amarillo have also been invited.

The Children's Theatre is entering its third year. It was the first Children's Theatre established in Texas.

ANNOUNCE CHANGES IN COUNTY LEAGUE RULES

A number of changes have been made in the rules governing the extemporaneous speech contest of the University Interscholastic League, according to Miss Montye Rockwell, who has been elected one of the directors of the league activities in this county. She states that she has recently received a copy of the new and revised constitution and rules of the league.

There will be two divisions in the extemporaneous speech contest, and therefore the representation of all schools is doubled.

In the declamation contest, there will be eight different divisions, according to the new rules.

Miss Ethleen Murrell of Plainview spent the week end with her mother, Mrs. Stella Murrell, of this city.

Rotarians Looking for Scoutmaster for Local Troop

Wanted: A Scoutmaster! This was the plea presented Tuesday at Rotary Club by the Community Service committee, composed of Travis Shaw, J. Wesley Kleinschmidt, Burt Newlin and Bill Bryant.

Gordon Thompson has resigned the place. The troop is well organized, and has the best equipment of any troop on the Plains, as was shown by the bunch of awards taken last year at Amarillo. But the Scouts are without a leader, and need one very badly.

S. B. Orton, county judge-elect, talked of the importance of the scout movement, and had been asked to take the work, but stated his new office would require all of his time.

Others who discussed the need of the leadership were Bill Bryant, Wes Kleinschmidt, Harry Brown and Lewis Shirley, an Eagle scout, who has been assistant scoutmaster.

W. J. Wooten was introduced as a new member of the Rotary Club.

Oscar Gano suggested an attendance contest with some neighboring town to bolster up the attendance of the local club, which although good, is not perfect.

Play Night is New Feature for Entire College

A Play Night on which for an hour and a half all the students and faculty of W. T. forgot cares and dignity is sponsored by the physical education departments of the College.

The first Play Night was Tuesday of this week, and the comedy feature of the evening was a peanut race between the dignified president, J. A. Hill, and the portly coach, S. D. Burton.

Directed games with Miss Ruth Cross, head of the physical education department for women, and Mitchell Jones, director of inter-mural sports, were other features of the evening.

This first Play Night is typical of what the Physical Education Department hopes will become a traditional feature of the college life.

HILL AT McLEAN.

The McLean Lions Club chose President J. A. Hill for their guest speaker Tuesday of this week.

On the same trip, Mr. Hill addressed a community meeting which was presided over by Supt. G. C. Boswell, and talked to the students of the McLean high school.

"Headin' North" a Western All-Talking Picture Will Be Shown at The Olympic Theatre.

Strong Cowboys Will Play Bufs at Butler Field

A highly touted football eleven will come to the Panhandle Saturday and attempt to demonstrate some powerful football when the Simmons University Cowboys will meet the Thundering Herd of West Texas in Amarillo. The game will be played under the auspices of the Tri-State Fair.

The game Saturday will be another of the traditional grid battles between the two institutions. During the years past a strong rivalry has risen between the Cowboy teams and the Buffalo teams.

The game will be played on Butler Field in Amarillo, beginning at 2:30 p. m. A record crowd is expected to attend the game. Reserve seat tickets have been on sale in Amarillo for the past week.

Despite the fact that Simmons boasts of a powerful team, they stand only 500 in the Texas Conference. So far this season they have won only three games, lost one and tied four. The Cowboy line has a heavy bunch of veterans filling the positions there and may hand the Bufs some strong opposition.

Following the scoring spree of last Saturday against the Stephen F. Austin Lumberjacks when the Herd ran up a 64 to 0 score, they have settled down to grind for the Simmons crew. During the past several years the Bufs have been unable to get the better end of the score in the W. T.-Simmons game. They were barely nosed out last year.

Boasting of one of the most powerful teams in recent years, the hopes of the West Texas State Teachers College are brighter for a victory Saturday, local prognosticators declare.

INDIAN BASEBALL BATS IN HISTORICAL MUSEUM

American Indians are usually thought of as buffalo hunters, hard riding fighters carrying tomahawks, guns or spears, or as wild dancers seeking to placate the gods of rain and sunshine.

Objects in the Panhandle Plains Historical Society museum show that Indians provided playthings for their children and as adults were very fond of games.

Bats said to have been used in the last games of ball played between the Chickasaw and Choctaw Indians at Hickory Hill, Oklahoma, were recently presented to the Panhandle Plains Historical Society by Mr. and Mrs. W. M. Craven of Pampa. These bats were used in September, 1905.

The bats are made of very hard wood which has been rendered sufficiently pliable to allow the bending of one end into an oval shape. The bent portion is fastened to the heavier part of the handle by means of raw hide, and raw hide throngs are passed across the oval. The bat has some characteristics of a baseball bat and some of a tennis racket. Persons who have seen the bats in use, say that the Indians used them with great skill.

FRANK NORRIS WILL TALK IN HAPPY WEDNESDAY A.M.

Dr. Frank Norris of Fort Worth will preach next Wednesday 9:30 a. m. at the Baptist church in Happy according to announcement made yesterday by Mayor John Toles, who was here on business.

Dr. Norris is now conducting a revival in Amarillo. He is one of the most prominent preachers in the state, and Mayor Toles expressed great satisfaction that he was able to secure him for one service in Happy.

FERDINAND FAULKNER DIES IN PHOENIX, ARIZONA

F. M. Faulkner, accompanied by his brother, Siler Faulkner of Pampa, left Tuesday to attend the funeral services of another brother, Ferdinand, in Phoenix, Arizona.

Ferdinand Faulkner was a resident of Tulsa for many years and is known to local residents.

Father of Mrs. J. C. Baker Dies Tues. in Austin

Word was received here last week of the death Tuesday, Nov. 11, in an Austin hospital of H. T. Merritt of San Antonio, the father of Mrs. J. C. Baker of this city. Mr. Merritt was 65 years old at the time of his death and was quite well known here through his visits at the home of Mrs. Baker.

Funeral services were held last Wednesday morning at the First Methodist church in Handley, Texas, with the Rev. S. A. Ashburn, pastor, assisted by Rev. Ramsey Pollard officiating. Interment was in the Rose Hill Burial Park. Mr. and Mrs. Baker were present at the services.

B. T. JOHNSON FINDS BEAN GROWING IN HIS GARDEN

As an evidence of the fine open weather the Panhandle has enjoyed this fall, B. T. Johnson brought to the News office Tuesday a bean stalk which he had found in his garden, growing just like it were spring. Mr. Johnson states that the worms were working in his garden at the surface, which is evidence that there is little danger of a heavy freeze soon.

Mr. Johnson has closely observed weather conditions during his more than thirty-five years on the plains, and states that there is no evidence of snow in any great quantity this winter.

STORK SPECIAL

Born to Mr. and Mrs. W. M. Spears, a 9 pound boy, Tuesday, Nov. 11. The newcomer has been christened George William.

Mr. and Mrs. Terry Mayben are the parents of a 5 3-4 pound boy who arrived Tuesday. He has been christened Terry Jr. and is the grandson of Dr. and Mrs. S. R. Griffin.

Help Keep Canyon Clean.

Time to Write To Santa Claus

Christmas time is near at hand and old Santa's visit is just around the corner. Now is the time for the little folks to write letters to Santa Claus, and The News has made arrangements to see that old Santa reads every letter that is published.

Bring your letter to the News office, or address it to Santa Claus and mail at the post-office.

To the little folks who want to be sure and reach Santa Claus with a list of their wants for Christmas, don't fail to get your letter to the News. Others who have written letters to Santa and had them published state that the merry old fellow remembered them in an excellent way.

Word was received here last week of the death Tuesday, Nov. 11, in an Austin hospital of H. T. Merritt in San Antonio, the father of Mrs. J. C. Baker of this city. Mr. Merritt was 65 years old at the time of his death and was quite well known here through his visits at the home of Mrs. Baker.

Funeral services were held last Wednesday morning at the First Methodist church in Handley, Texas, with the Rev. S. A. Ashburn, pastor, assisted by Rev. Ramsey Pollard officiating. Interment was in the Rose Hill Burial Park. Mr. and Mrs. Baker were present at the services.

Mr. Merritt is survived by his wife; two daughters, Mrs. Baker of Canyon, Mrs. Clovis Maddox of Hale Center, and four sons, B. T. Merritt of Handley, Will S. Merritt of Fort Worth, H. L. and Jack Merritt of San Antonio.

As an evidence of the fine open weather the Panhandle has enjoyed this fall, B. T. Johnson brought to the News office Tuesday a bean stalk which he had found in his garden, growing just like it were spring. Mr. Johnson states that the worms were working in his garden at the surface, which is evidence that there is little danger of a heavy freeze soon.

Mr. Johnson has closely observed weather conditions during his more than thirty-five years on the plains, and states that there is no evidence of snow in any great quantity this winter.

STORK SPECIAL

Born to Mr. and Mrs. W. M. Spears, a 9 pound boy, Tuesday, Nov. 11. The newcomer has been christened George William.

Mr. and Mrs. Terry Mayben are the parents of a 5 3-4 pound boy who arrived Tuesday. He has been christened Terry Jr. and is the grandson of Dr. and Mrs. S. R. Griffin.

Time to Write To Santa Claus

Christmas time is near at hand and old Santa's visit is just around the corner. Now is the time for the little folks to write letters to Santa Claus, and The News has made arrangements to see that old Santa reads every letter that is published.

Bring your letter to the News office, or address it to Santa Claus and mail at it the post-office.

To the little folks who want to be sure and reach Santa Claus with a list of their wants for Christmas, don't fail to get your letter to the News. Others who have written letters to Santa and had them published state that the merry old fellow remembered them in an excellent way.

AFTER ALL WE HAVE A LOT TO BE THANKFUL FOR!

Roy Arnold was here the other day from Hereford getting information as to the county's resources to be used in reference to the proposed extension of the T. & P. Canyon is put in a peculiar light. The T. & P. officials think that Canyon opposes the project, and draw that conclusion without having even asked the citizens to cooperate in the railroad building project. The proposal is to build the line west of Canyon, and on into Amarillo, hitting no town in Randall county. Just why this route is proposed, no one is able to understand. Frankly the News believes that if the Interstate Commerce Commission grants the petition to build the road, it will tell the T. & P. to build either to Canyon and go into Amarillo over the Santa Fe, or run from Hereford to Amarillo over the Santa Fe, as it is an assured fact that before

many months the double track will be extended from Canyon to Clovis thus giving Hereford the benefit of the double track for the T. & P. connection. However, the T. & P. is all wrong in assuming that Canyon is opposed to the project. We are watchfully waiting, and wondering what the T. & P. will eventually ask of this county.

National pride gets a shock when Americans realize what the rest of the world think of this country and think of our people. The vast resources, and wonderful opportunities have made a great nation of America, but no longer are we a nation to and unto ourselves. The spirit of boasting, whether across the alley fence, or across the international boundary-line is never appreciated. The present condition of the world should make America realize that in spite of the greatness of this nation, both in natural resources and in people, we are only a cog in the wheel of world wide affairs, and in this cog we have a vital work to do.

It is hoped that sufficient funds will be derived from the Red Cross Roll Call to put on the health program in the schools, which means a survey of the health condition among the children. From an economic standpoint it is much cheaper to keep the individual healthy, than to cure him after he gets sick. The health survey as conducted by the Red Cross

nurses in the past have meant much to the children of the county.

Christmas will be here before you realize it. Just about five more weeks, and Santa will show up. This is a gentle reminder to do your Christmas shopping and avoid the last minute rush and hurry that always accompanies the gift giving season.

Canyon will entertain the people of this county again next Monday at the regular monthly Trades Day. With all the bargains being offered in the city, this should be a real bargain day, and a splendid time to do some valuable Christmas shopping.

W. T. Teachers Will Be On Program At State Convention

Several of the teachers of the West Texas State Teachers College will take part on the programs at the sectional meetings of the Texas State Teachers Association convention, which will be held at Houston on November 27, 28 and 29. Company F 142nd Infantry Ends Rifle Practice

Sunday afternoon, Company F, 142nd, Infantry completed their fall rifle practice on the range located three miles north of the city. Thirty-five men participated in the last practice of the fall season, using both the automatic rifle and the service rifle.

This local unit of the national defense program as set up in 1922 is somewhat unique, never having been a R. O. T. C. unit. Some fifteen members of the company are students in West Texas State Teachers College. The entire commissioned personnel are either students, ex-students or teachers in the college. Captain Lockhart, commanding officer of the unit, is head of the commercial department of W. T.; First Lieutenant T. H. McDonald, is principal of the Canyon High School and graduate of the class of '29; Second Lieutenant C. B. Shepard is a student in W. T. All three officers are veterans of the World War.

Company F, 142nd Infantry, thirty-sixth division has a very honorable history in the annals of the

war department in Washington. Though it was located in Canyon in 1902 and federalized under the National Defense Act of 1921-22, this company counted among its members many Canyon men who served in the World War, some of them who did not return from Europe. After the close of the war, the 142nd regiment of which Co. F is a part, received citations from the United States War Department and was also cited by the French Government and was presented the Croix de Guerre for brilliant service on the Western front in 1918.

D. A. Shirley Named President of Texas Registrar Assoc.

Officers for the ensuing year were elected by the Texas branch American Association of Collegiate Registrars at the close of a two-day session at College Station Saturday. D. A. Shirley, registrar at W. T. being named president.

Other officers elected were Mrs. Louise C. Parkins, Brownwood Junior College, vice president; L. H. Kidd, Southwest Texas State Teachers College, San Marcos, secretary-treasurer. Re-elected in addition to officers named, the new executive committee included the following: E. J. Howell, A. & M., and F. M. Allen, Baylor University, retiring president and vice president, respectively.

The time and place of the next meeting will be decided by the executive committee later.

Study on the part of high schools of the question of raising scholastic standards in co-operation with institutions of higher learning was urged by the registrars in resolutions adopted. Thirty of the sixty-eight institutions of higher learning represented in the Texas organization were represented at the convention by an attendance of forty-six.

Mr. Shirley returned Sunday night from the convention.

YOUNGEST FRESHMAN

Harold Lair, who is fifteen years old is the youngest member of the freshman class this year. Both his father and mother are ex-students of this college, his father, Tom Lair, being here last in 1910, his mother, Gladys Arent, in 1913.

It is estimated that 26 tons of rubbish are collected daily at Coney Island. That is, litter-ally speaking.

Wayside Items

We are enjoying ideal weather at the present time, not cold enough for ice, just fine for business.

All day club meeting last Monday with Mrs. M. L. McGee. Thirty-one ladies present, a number of little folks, and two babies. A number of visitors all enjoyed the day very much. A sumptuous dinner served cafeteria style at the noon hour. Our agent, Miss Phillips stopped in Amarillo and brought Mrs. B. F. Wilhelm, a former member. During the business session, Mrs. Floyd Adams gave the story of the first Thanksgiving. Everyone enjoyed the new games introduced by the agent. She will be with us two weeks hence at Mrs. Serena Bryan's, maybe the last. We regret very much to give her up.

Mrs. J. R. Stockett, Mrs. Susie McGee, Roy Stockett and Myles McGee left Saturday to visit Lowe McGee and family at Pity, returning Sunday. While away they visited the Borger oil fields, watched the swabbing of an oil well and visited other places.

We understand J. C. Knox is returning to Wayside to run the store recently occupied by Kenneth Knox. Kenneth is moving to farm of his father, J. C. Knox. Mrs. Ethel Gillham will assist her father in the store, so it is reported.

Melton McGee suffered laceration of a leg the past week while playing ball at Lubbock, when he ran into a barb wire. Improving last report.

A baby was born to Mowry Gillham and wife at Pampa Saturday, dying the same day. We extend sympathy to the bereaved.

Mrs. John Patterson enjoyed the day with us at the club. Still unable to use her right hand, though healed over. Writes and does her housework with her left hand. Her son, Arthur, who lost a finger recently, is able to work.

A nice large stove for the school auditorium and carbide plant was installed at the school building.

Has added much to our school building. Much credit is due to W. C. McGee for his work as trustee for the school.

George Hancock, wife and Jerry spent Saturday night a week ago at Wayside.

For two years Wayside Demonstration club has carried a "Club Friend Circle." Finding out who were the club friends of the different members was one of the many pleasures of the day Monday. Many surprises were unfolded to the members of the club. Many of us regret to give this up.

Fairview Breezes

The singing was attended by a large crowd. Several of the Sunny Hill people were present. Mr. and Mrs. Roby and Mr. and Mrs. Bonds sang some special songs.

The Kafir Korn Band from Canyon was present at our pie supper. The players were: Ernest Hawes, H. C. Roffey, Elzie Price, J. T. Marshall and Miss Nemoa Hawes.

Mrs. Belle Washburn, son Edgar, and daughters, Annie, Mrs. A. E. Wesley, Mrs. H. H. Sutton, and son, Archie Brawner, C. E. Castleberry and Albert Wesley returned home Monday from Grandfield, Okla. While Mr. and Mrs. A. E. Wesley, C. E. Castleberry and Mrs. H. H. Sutton and son were going to Grandfield to attend the funeral of Miss Opal Washburn, Mr. Castleberry turned the car over. None of the party were seriously hurt, only receiving bruises.

The people's meeting was at G. E. Wesley's Sunday. There were about 35 present.

Judge S. B. Orton, Misses Iva Lee James and Opal Sutton and

Odell James visited the school Wednesday.

The War Is Over....

and has been for 12 years. It forced values to new high levels, and the prospects are that they will stay high.

The commodity dollar of today is worth about 58 cents when compared to the pre-war commodity dollar. That is, it will buy only a little more than half as much of those items which go to make up the family budget.

On the other hand, the electric dollar of today is worth \$1.36 when compared to the pre-war electric dollar. In other words, the cost of electricity is 25 per cent less than it was in 1914.

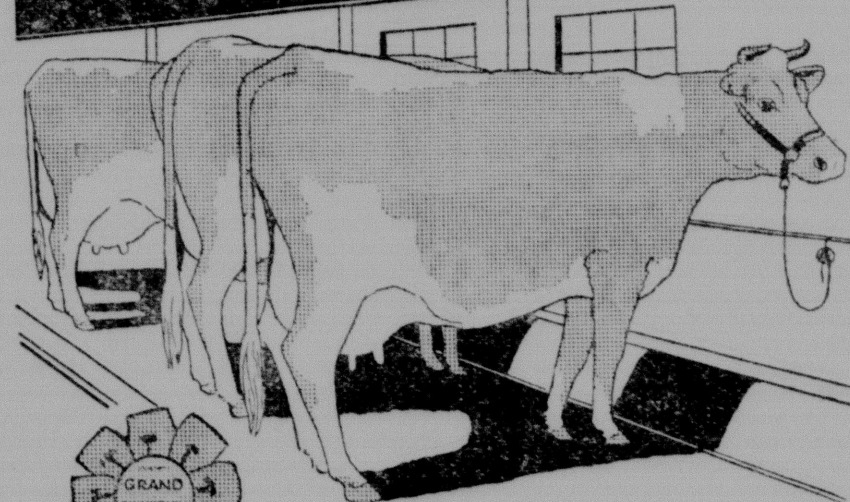

In spite of the steady increase in the cost of labor, materials and taxes, the rates of the light and power industry have been steadily decreasing since 1882, while the quality of the service has steadily improved.

The cost of electricity is only about 1 per cent of the family budget. No one can afford to be without it, or not to use it freely.

Wayside Items

We are enjoying ideal weather at the present time, not cold enough for ice, just fine for business.

All day club meeting last Monday with Mrs. M. L. McGee. Thirty-one ladies present, a number of little folks, and two babies. A number of visitors all enjoyed the day very much. A sumptuous dinner served cafeteria style at the noon hour. Our agent, Miss Phillips stopped in Amarillo and brought Mrs. B. F. Wilhelm, a former member. During the business session, Mrs. Floyd Adams gave the story of the first Thanksgiving. Everyone enjoyed the new games introduced by the agent. She will be with us two weeks hence at Mrs. Serena Bryan's, maybe the last. We regret very much to give her up.

Mrs. J. R. Stockett, Mrs. Susie McGee, Roy Stockett and Myles McGee left Saturday to visit Lowe McGee and family at Fritty, returning Sunday. While away they visited the Borger oil fields, watched the swabbing of an oil well and visited other places.

We understand J. C. Knox is returning to Wayside to run the store recently occupied by Kenneth Knox. Kenneth is moving to farm of his father, J. C. Knox. Mrs. Ethel Gillham will assist her father in the store, so it is reported.

Melton McGee suffered laceration of a leg the past week while playing ball at Lubbock, when he ran into a barb wire. Improving last report.

A baby was born to Mowry Gillham and wife at Pampa Saturday, dying the same day. We extend sympathy to the bereaved.

Mrs. John Patterson enjoyed the day with us at the club. Still unable to use her right hand, though healed over. Writes and does her housework with her left hand. Her son, Arthur, who lost a finger recently, is able to work.

A nice large stove for the school auditorium and carbide plant was installed at the school building.

Has added much to our school building. Much credit is due to W. C. McGee for his work as trustee for the school.

George Hancock, wife and Jerry spent Saturday night a week ago at Wayside.

For two years Wayside Demonstration club has carried a "Club Friend Circle." Finding out who were the club friends of the different members was one of the many pleasures of the day Monday. Many surprises were unfolded to the members of the club. Many of us regret to give this up.

The War Is Over....

and has been for 12 years. It forced values to new high levels, and the prospects are that they will stay high.

The commodity dollar of today is worth about 58 cents when compared to the pre-war commodity dollar. That is, it will buy only a little more than half as much of those items which go to make up the family budget.

On the other hand, the electric dollar of today is worth \$1.36 when compared to the pre-war electric dollar. In other words, the cost of electricity is 25 per cent less than it was in 1914.

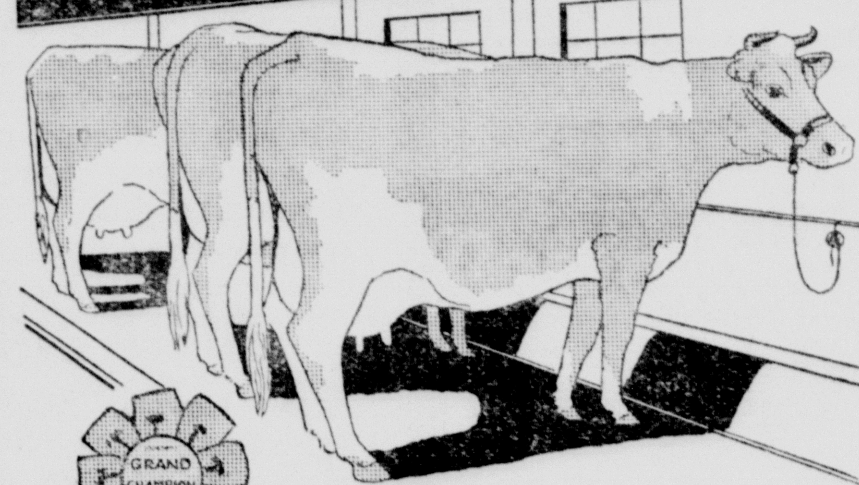

In spite of the steady increase in the cost of labor, materials and taxes, the rates of the light and power industry have been steadily decreasing since 1882, while the quality of the service has steadily improved.

The cost of electricity is only about 1 per cent of the family budget. No one can afford to be without it, or not to use it freely.

BUFFALOES GO ON SCORING SPREE AND TRIM S. F. AUSTIN LUMBERJACKS 64-0 SATURDAY

Bad Weather Handicaps Southern Visitors; W. T. Fans Stick to End of Game to See Outcome of Unique Stampede.

Playing before a pitifully small crowd of fans, Coach Reeds' powerful Buffalo eleven swamped the Stephen F. Austin Lumberjacks by the lopsided score of 64-0 Saturday afternoon. A cold, muggy south wind carrying squalls of rain which turned into a real norther before the first quarter ended, was the main cause of such a slim attendance, and added much to the inability of the southern visitors to score or show any form whatever.

Evidently reasoning that his squad needed a genuine taste of blood in order to prime them for future games and, despite the fact that Clark, calling his first game at quarter, and "Rusty" O'Donald at half ran riot through the Lumberjack line and Powell outran their lanky ends, running the score up to a record for the Buffs, Coach Reeds kept the first string men in the game until near the close of

the fourth quarter. To a stranger the game would have been very slow and uninteresting, but to the rabid W. T. fans it was a classic.

Bob Clark Wins His Spurs

Shifting his backfield in order to give Powell an opportunity to strut his stuff, Coach Reeds brought out another Buffalo light that had been hid under the brilliant work of Williams and Powell. Clark, who had been playing fullback all season was shifted to quarter in order that Powell might have some of the load of running the game and carrying the ball, lifted from his shoulders. Clark took the matter seriously, for instead of making one or two unexpected sensational plays as has been his custom, he literally tore the Lumberjack line to pieces. Between Clark and O'Donald, the Lumberjacks had no chance, both of them playing the "hottest" game of their career.

High Points of the Game

Every Buffalo had a chance to score in Saturday's game. O'Donald and Clark started the spree with two touchdowns each in the first half, then in the second half the lid came off with a clang and everybody got the habit. It was impossible to keep count of the bright spots of the massacre but of them all, Bill McClendon's kicking from placement stood out above everything. Out of some fifteen tries, Bill kicked over the Jacks' goal line eleven times from the kickoff, which is a sure way of keeping kickoffs from being run back. Bill also snatched a Lumberjack pass out of the air and ran thirty-five yards for a touchdown, something no polite center is supposed to do. Messrs. Burk and Penick on the wing positions also contributed to the general festivities of the day, blocking and tackling with unusual accuracy and adding much to the Lumberjacks inability to get into scoring distance. Near the end of the last quarter, Brotherton went in for O'Donald, and in order to live up to his predecessor's reputation, had to make the last touchdown of the game. The only two men that the visitors had who were given a chance to demonstrate their ability were Robb, fullback, and Adams, tall rangy end, who completed three nice passes for twenty-five yards each. The Buffs had the rest of the visitors so effectively covered that they never got within the Buffalo twenty-yard

line but one time and this was because of two bad fumbles on the part of the Buffs, climaxed by a twenty-five yard penalty. Even then, with the ball on the Buffs' four yard line, the Jacks failed to score.

Open Production To be Given Soon By Dramatic Club

Next Tuesday evening, November 25, at 8 o'clock, in the Education building auditorium the speech arts department of the college is staging an open production, under the direction of Miss Mary Morgan Brown, head of the department, and Lorine Robbins, assistant student director. This program is made up of two plays, "Cash \$2000," and "The Pros and Cons."

In "Cash \$2000" Naomi Malone, Frances Lester, Howard Batchelder, and Gordon Beck take star parts; while in "The Pros and Cons" Wilmouth Gamble, Gerta Mae Cayton, Dorris Lynn Louder, and Robert Hunt play the leading roles.

"Cash \$2000" is a one-act play of serious content and a happy ending. It requires strong acting on the part of its characters to put it over. "The Pros and Cons" is a brilliant English farce-comedy, and the two plays together make up a delightful entertainment.

Miss Brown states that one of these plays will probably be entered in the one-act play tournament of West Texas Colleges, which will be held at Texas Tech this year. They will both be presented again in December for the benefit of the Panhandle Speech Arts Association.

Delightful Parties at N. E. McIntire Home Friday Afternoon, Evening

An artistic atmosphere pervaded the home of Mrs. N. E. McIntire, 1309 Fifth Avenue, when Mrs. McIntire, Mrs. Charles R. Flesher and Mrs. Clyde McElroy entertained with bridge Friday afternoon and again Friday night. Chrysanthemums in all shades were placed at points of vantage about the rooms, adding to the attractiveness of the scene. Four tables of guests were present in the afternoon and five that evening.

A delicious salad course, carrying plate favors of yellow chrysanthemums were served on both occasions at the conclusion of the play.

Seated for the games in the afternoon were: Mrs. William Ash, Mrs. Joe Gamble, Mrs. C. R. Burrow, Mrs. D. A. Shirley, Mrs. C. N. Harrison, Mrs. Hud Prichard, Mrs. J. Madison Daugherty, Mrs. C. W. RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. City Pharmacy.

PRESENTING THE NEW CHEVROLET SIX

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, as never before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long

hood lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never was Fisher's fine craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the smart, graceful, new bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—and you will agree that here is the Great American Value!

MISS FAYE COOPER

WEDS PANHANDLE MAN

Mr. and Mrs. C. O. Cooper of this city announce the marriage of their daughter, Miss Faye, to Mr. Othel W. Cannedy, which was solemnized Sunday, Nov. 16, in the home of the bride's parents at 4 o'clock. The Rev. Mr. T. H. Cannedy of Port Arthur, brother of the groom, officiated.

The bride wore a crepe maroon dress with accessories and flowers to harmonize. The couple were attended by Miss Hazel Cooper, sister of the bride, and Mr. Oma Cannedy, brother of the groom. Only the immediate family and close friends witnessed the ceremony.

Mrs. Cannedy is a charming and accomplished member of the younger set at Hedley, where she has been employed in the book-keeping department of the Farmers Equity Union Grocery Store. Mr. Cannedy is a prosperous wheat farmer of Panhandle.

The couple left immediately following the ceremony on a honeymoon trip to Dallas and other southern points. After December 1 they will be at home in Panhandle.

MRS. EASTWOOD HOSTESS

TO 1925 BRIDGE CLUB

The meeting of the 1925 Bridge club was the occasion for a lovely party at the home of Mrs. A. R. Eastwood, Wednesday, afternoon. Baskets of many colored chrysanthemums were observed throughout the suite of entertaining rooms where six tables had been placed for the games. The seasonal motif was developed in the table accessories.

At the refreshment hour a delicious plate lunch of chicken salad, potato flakes, hot rolls, macaroni and coffee was served to the guests.

The following were present for the afternoon: Club members, Mrs. Hud Prichard, Mrs. Roscoe Davis, Mrs. Frank R. Phillips, Mrs. Oscar Gano, Mrs. Mark L. Foster, Mrs. J. Madison Daugherty, Mrs. J. L. Duflet, Mrs. R. E. Ball, Mrs. T. S. Maxwell, Mrs. Marion Bishir, Mrs. G. A. Farlow, Mrs. Burt Newlin, and special guests: Mrs. Wallace R. Clark, Mrs. L. Angel, Mrs. C. N. Harrison, Mrs. John S. Humphreys, Mrs. Jim Rose, Mrs. William Ash, Mrs. C. R. Flesher, Mrs. N. E. McIntire, Mrs. J. M. Lybrand, Mrs. Sanford Black, Mrs. F. E. Savage, Mrs. T. C. Thompson, Mrs. O. R. Eastwood and Miss Hazel Raper.

WOMAN'S BOOK CLUB

WELCOMES NEW MEMBERS

At the regular meeting of the Woman's Book Club in the Federated club room Wednesday afternoon, Mrs. E. D. Harrell, Mrs. T. H. Knighton and Mrs. C. A. Murray had charge of the program, a continuation of the study of Norwegian drama.

During the business session, Mrs. Pattie Wilson was elected to membership into the club and Mrs. Claude Reeds was welcomed as a new member. Mrs. B. A. Stafford, a former member and one time president of the organization, has again accepted an active membership and was accorded a cordial welcome by the other members.

Worsteds Relieve Monotony of Furs

COATS OF RUBBED OR NUBBED MATERIALS, FASHIONABLE FOR STREET WEAR
— THIS WINTER, LEND THEMSELVES TO ORIGINAL EFFECTS

BY HARRIET

ROUGH materials make the finest street clothes for winter.

There is a tremendous vogue of nobby, ribbed, lined and cross-hatched worsteds appropriate for winter.

Travel coats and sports coats of these materials are using their own fabric instead of fur for collars and cuffs. And not just in plain fashion. Rather they are making ruchings, buckled bandings, pleated and corded bands to give the effect of tremendous decoration.

Among the new winter suits made of these novel fabrics, there is a vogue for black and white effects with a touch of color in the blouse. One black one, flecked with white and making a basket weave effect dotted with white, has a scarlet jersey blouse with black and white grosgrain ribbon for its high Russian collar and long tight cuffs.

Another nubby woolen suit, in rich blue, has a double peplum of its own material fitted like a skirt yoke and then flaring just below the hipline in a new silhouette. This suit has a cute collar, a regular turned down shirt collar of the tweed, with a bow tie of matching crepe de chine.

The suit shown at the left of the illustration is ultra smart, a Bonwit Teller import, made of English tweed in black and white in a striped weave. The skirt is made gored, giving the desirable fair at the lower edge and the fitted line about the hips and waist.

There is a jaunty jacket with a flaring peplum effect below its self-belt. Two little pockets are edged with banding of the material used vertically. And the piece de resistance of this outfit is the charming self-scarf, lined with white jersey and finished with the white jersey showing in scallops across both ends. There is a white jersey blouse with a scalloped collar and cuffs, like the finish on the scarf.

THERE are many novelty worsted coats this winter to give us all blessed relief from fur or fur-trimmed coats. One of these is a tawny French tweed in antique gold and brown, with the material woven compactly to give a broken check and nobby surfaces within

A smart sports suit for winter wear is the creation shown at the left, of English tweed in black and white mixture. Instead of a fur collar, a scarf of the suit's material is used. On the right is a top-coat of French tweed in antique gold and brown, the outstanding feature of which is its corded collar and pockets. Both creations are Bonwit Teller imports.

the checks.

This coat is graceful with full length, tight long sleeves and the most original shawl collar and hip decoration made of the material, corded and treated like a ruching.

The coat is made with a yoke effect across the back, out on the

shoulders and forming a little vestee in front which is stitched to give the corded effect like the collar and hip decoration. Beneath the roll at the sides are two very deep pockets, cozy for cold days and useful to carry those many things that you always have to stow away somewhere.

and accentuated the charm of the entertaining rooms where twelve tables were placed for forty-two. Baskets of vari-colored chrysanthemums were observed at intervals and the seasonal shades were further developed in the table accessories.

Delectable refreshments of brown bread sandwiches, cheese carrots, pumpkin pie with whipped cream and punch were served at the conclusion of the play.

Seated for the games were the following club members and special guests: Mr. and Mrs. L. G. Allen, Mr. and Mrs. William Ash, Mr. and Mrs. J. L. Duflet, Mr. and Mrs. John Fry, Mr. and Mrs. Zinc, Mr. and Mrs. John S. Humphreys, Mr. and Mrs. R. P. Jarrett, Mr. and Mrs. T. B. McCarter, Mr. and Mrs. C. A. Murray, Mr. and Mrs. F. E. Savage, Mr. and Mrs. R. A. Terrill, Mr. and Mrs. Clyde Warwick, Mr. and Mrs. J. W. Shanklin, Mrs. Sue Donald, Mrs. L. Angel, Mrs. Joe Gamble, Mrs. W. C. Kunze, Mrs. N. E. McIntire, Mrs. Agnes Smith, Mrs. Clyde McElroy, Mrs. Henrietta Scott, Miss Edna Graham, Miss Tennessee Malone, Miss Florence McMurtry, and Miss Pearl Black.

LUCKY THIRTEENS ARE ENTERTAINED TUESDAY

Mr. and Mrs. Ralph Harter and Mr. and Mrs. R. B. Davis entertained the members of the Lucky 13 Nite Club with a delightful dinner-bridge at the home of the former couple Tuesday evening. Seasonal flowers were used throughout the entertaining rooms and the Thanksgiving motif was emphasized in the table accessories.

A delectable refreshment course was served at the close of the games.

Those present for the evening included: Mr. and Mrs. E. Ball, Mr. and Mrs. J. L. Duflet, Mr. and Mrs. A. R. Eastwood, Mr. and Mrs. G. A. Farlow, Mr. and Mrs. Mark L. Foster, Mr. and Mrs. Oscar Gamble, Mr. and Mrs. Burt Newlin, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Andy Walsh, Mr. and Mrs. Clyde Davis, and Mr. and Mrs. Ed Mickel.

PALO DURO AUXILIARY SENDS MONEY TO HOSPITAL

The Palo Duro Unit of the American Legion Auxiliary met Monday afternoon in the regular monthly business session at the Legion hall. Reports from the Armistice Poppy Sale were read and adopted. The committee reported a very successful sale, the profits from which are to be sent to the Rehabilitation Fund of the Auxiliary and will be used for the benefit of the non-compensated veterans in the United States Hospital of the Legion at Kerrville.

Mrs. T. H. Knighton, unit president, appointed a committee to work out plans for furnishing the Legion home here. Mrs. Hubert O. Price will head the committee and will be assisted by Mrs. Frank R. Phillips, Mrs. J. Madison Daugherty, Mrs. Ray Campbell, Mrs. Roscoe Davis. This committee is to make plans on kitchen equipment, linens, furniture for the Auxiliary room, and shades and draperies for the assembly and game rooms.

MISS FAYE COOPER WEDS PANHANDLE MAN

Mr. and Mrs. C. O. Cooper of this city announce the marriage of their daughter, Miss Faye, to Mr. Othel W. Cannedy, which was solemnized Sunday, Nov. 16, in the home of the bride's parents at 4 o'clock. The Rev. Mr. T. H. Cannedy of Port Arthur, brother of the groom, officiated.

The bride wore a crepe maroon dress with accessories and flowers to harmonize. The couple were attended by Miss Hazel Cooper, sister of the bride, and Mr. Oma Cannedy, brother of the groom. Only the immediate family and close friends witnessed the ceremony.

Mrs. Cannedy is a charming and accomplished member of the younger set at Hedley, where she has been employed in the book-keeping department of the Farmers Equity Union Grocery Store. Mr. Cannedy is a prosperous wheat farmer of Panhandle.

The couple left immediately following the ceremony on a honeymoon trip to Dallas and other southern points. After December 1 they will be at home in Panhandle.

MRS. EASTWOOD HOSTESS TO 1925 BRIDGE CLUB

The meeting of the 1925 Bridge club was the occasion for a lovely party at the home of Mrs. A. R. Eastwood Wednesday afternoon. Baskets of many colored chrysanthemums were observed throughout the suite of entertaining rooms where six tables had been placed for the games. The seasonal motif was developed in the table accessories.

At the refreshment hour a delicious plate lunch of chicken salad, potato flakes, hot rolls, macaroni and coffee was served to the guests.

The following were present for the afternoon: Club members, Mrs. Hud Prichard, Mrs. Roscoe Davis, Mrs. Frank R. Phillips, Mrs. Oscar Gano, Mrs. Mark L. Foster, Mrs. J. Madison Daugherty, Mrs. J. L. Dufflot, Mrs. R. E. Ball, Mrs. T. S. Maxwell, Mrs. Marion Bishir, Mrs. G. A. Farlow, Mrs. Burt Newlin, and special guests: Mrs. Wallace R. Clark, Mrs. L. Angel, Mrs. C. N. Harrison, Mrs. John S. Humphreys, Mrs. Jim Rose, Mrs. William Ash, Mrs. C. R. Flesher, Mrs. N. E. McIntire, Mrs. J. M. Lybrand, Mrs. Sanford Black, Mrs. F. E. Savage, Mrs. T. C. Thompson, Mrs. O. R. Eastwood and Miss Hazel Raper.

WOMAN'S BOOK CLUB WELCOMES NEW MEMBERS

At the regular meeting of the Woman's Book Club in the Federated club room Wednesday afternoon, Mrs. E. D. Harrell, Mrs. T. H. Knighton and Mrs. C. A. Murray had charge of the program, a continuation of the study of Norwegian drama.

During the business session, Mrs. Pattie Wilson was elected to membership into the club and Mrs. Claude Reeds was welcomed as a new member. Mrs. B. A. Stafford, a former member and one time president of the organization, has again accepted an active membership and was accorded a cordial welcome by the other members.

PRETTY AFFAIR AT HARRISON HOME MONDAY

One of the prettiest affairs of the season was given Monday afternoon at the home of Mrs. C. N. Harrison, 401 North Tenth Street, with Mrs. Harrison and Mrs. Wallace R. Clark as hostesses.

The entertaining rooms were attractively decorated with autumn flowers, bronze chrysanthemums and yellow calendulas being featured in the living room, and blossoms in lavender, pink and white in the music and dining rooms.

Bridge was the chosen diversion for the occasion and black and white color notes were emphasized in the table accessories. A delectable refreshment course was served at the tea hour.

The list of invited guests included the following: Mrs. T. M. Moore, Mrs. John Fry, Mrs. Frank R. Phillips, Mrs. Earl Robbins, Mrs. Sue Donald, Mrs. Marion Bishir, Mrs. Bill Black, Mrs. Irby Carruth, Mrs. C. R. Flesher, Mrs. George Allen Farlow, Mrs. Tom Knighton, Mrs. Guy Harp, Mrs. J. W. Kleinschmidt, Mrs. Dan Sanders, Mrs. Hud Prichard, Mrs. Lee Foster, Mrs. J. M. Lybrand, Mrs. Oscar Gano, Mrs. E. J. Cundiff, Mrs. Harris Cook, Mrs. Burt Newlin, Mrs. Clarence Thompson, Mrs. J. Madison Daugherty, Mrs. Planigan Smith, Mrs. Ray Campbell, Mrs. William Ash, Mrs. Clyde McIntire, Mrs. N. E. McIntire, Mrs. L. S. Baker, Miss Irene Angel, and Mrs. Stephenson and Mrs. C. R. McAfee, both of Amarillo.

ENTERTAINING AFFAIR AT C. H. JARRETT HOME

A most entertaining affair was the party given Tuesday evening at the C. H. Jarrett home when Mrs. C. H. Jarrett, Mrs. R. P. Jarrett and Mrs. D. A. Shirley were hostesses to the members of the Bridge Club and their husbands. Colorful autumn leaves and seasonal flowers of chrysanthemums were effectively used in the rooms where tables were placed for bridge, and the Thanksgiving motif was developed in the table accessories.

Savory refreshments of pressed chicken, cranberry jelly, clover leaf rolls, potato flakes and hot chocolate were served following the play.

Guests and club members were: Mr. and Mrs. C. R. Burrow, Mr. and Mrs. Wallace R. Clark, Mr. and Mrs. Oscar Gable, Mr. and Mrs. John S. Humphreys, Mr. and Mrs. Joe Gable, Dr. and Mrs. S. L. Ingham, Mr. and Mrs. J. M. Redfearn, Mr. and Mrs. R. A. Terrill, Mr. and Mrs. Clyde W. Warwick, Mrs. L. Angel, Miss Irene Angel, Messrs. C. H. and R. P. Jarrett and D. A. Shirley.

MERRY MAIDS AND MATRONS ENTERTAIN AT HILL HOME

Outstanding among the social activities of the past week was the delightful party given at the home of Mr. and Mrs. J. A. Hill last Saturday evening, when Mrs. Hill, Mrs. A. W. Sternberg, Mrs. E. D. Harrell and Mrs. L. A. Osgood were hostesses to the members of the Merry Maids and Matrons club, and their husbands and friends.

Worsteds Relieve Monotony of Furs

COATS OF RUBBED OR NUBBED MATERIALS, FASHIONABLE FOR STREET WEAR - THIS WINTER, LEND THEMSELVES TO ORIGINAL EFFECTS

BY HARRIET

ROUGH materials make the finest street clothes for winter.

There is a tremendous vogue of nobby, ribbed, lined and cross-barred worsteds appropriate for winter.

Travel coats and sports coats of these materials are using their own fabric instead of fur for collars and cuffs. And not just in plain fashion. Instead they are making ruchings, buckled bandings, pleated and corded bands to give the effect of tremendous decoration.

Among the new winter suits made of these novelty fabrics, there is a vogue for black and white effects with a touch of color in the blouse. One black one, flecked with white and making a basket weave effect dotted with white, has a scarlet jersey blouse with black and white grosgrain ribbon for its high Russian collar and long tight cuffs.

Another nubby woolen suit, in rich blue, has a double peplum of its own material fitted like a skirt yoke and then flaring just below the neckline in a new silhouette. This suit has a cute collar, a regular turned down shirt collar of the tweed, with a bow tie of matching crepe de chine.

The suit shown at the left of the illustration is ultra smart, a Bonwit Teller import, made of English tweed in black and white in a striped weave. The skirt is made gored, giving the desirable flair at the lower edge and the fitted line about the hips and waist.

There is a jaunty jacket with a flaring peplum effect below its self-belt. Two little pockets are edged with banding of the material used vertically. And the piece de resistance of this outfit is the charming self-scarf, lined with white jersey and finished with the white jersey showing in scallops across both ends. There is a white jersey blouse with a scalloped collar and cuffs, like the finish on the scarf.

There are many novelty worsted coats this winter to give us all blessed relief from fur or fur-trimmed coats. One of these is a tawny French tweed in antique gold and brown, with the material woven compactly to give a broken check and nobby surfaces within

A smart sports suit for winter wear is the creation shown at the left, of English tweed in black and white mixture. Instead of a fur collar, a scarf of the suit's material is used. On the right is a top-coat of French tweed in antique gold and brown, the outstanding feature of which is its corded collar and pockets. Both creations are Bonwit Teller imports.

the checks.

This coat is graceful with full length, tight long sleeves and the most original shawl collar and hip decoration made of the material, corded and treated like a ruching. The coat is made with a yoke effect across the back, out on the

shoulders and forming a little vestee in front which is stitched to give the corded effect like the collar and hip decoration. Beneath the roll at the sides are two very deep pockets, cozy for cold days and useful to carry those many things that you always have to stow away somewhere.

and accentuated the charm of the entertaining rooms where twelve tables were placed for forty-two. Baskets of vari-colored chrysanthemums were observed at intervals and the seasonal shades were further developed in the table accessories.

Delectable refreshments of brown bread sandwiches, cheese carrots, pumpkin pie with whipped cream and punch were served at the conclusion of the play.

Seated for the games were the following club members and special guests: Mr. and Mrs. L. G. Allen, Mr. and Mrs. William Ash, Mr. and Mrs. J. L. Dufflot, Mr. and Mrs. John Fry, Mr. and Mrs. Zinc, Mr. and Mrs. John S. Humphreys, Mr. and Mrs. R. P. Jarrett, Mr. and Mrs. T. B. McCarter, Mr. and Mrs. C. A. Murray, Mr. and Mrs. F. E. Savage, Mr. and Mrs. R. A. Terrill, Mr. and Mrs. Clyde Warwick, Mr. and Mrs. J. W. Shanklin, Mrs. Sue Donald, Mrs. L. Angel, Mrs. Joe Gable, Mrs. W. C. Kunze, Mrs. N. E. McIntire, Mrs. Agnes Smith, Mrs. Clyde McElroy, Mrs. Henrietta Scott, Miss Edna Graham, Miss Tennessee Malone, Miss Florence McMurtry, and Miss Pearl Black.

LUCKY THIRTEENS ARE ENTERTAINED TUESDAY

Mr. and Mrs. Ralph Harter and Mr. and Mrs. R. B. Davis entertained the members of the Lucky 13 Nite Club with a delightful dinner-bridge at the home of the former couple Tuesday evening. Seasonal flowers were used thru-out the entertaining rooms and the Thanksgiving motif was emphasized in the table accessories.

A delectable refreshment course was served at the close of the games.

Those present for the evening included: Mr. and Mrs. R. E. Ball, Mr. and Mrs. J. L. Dufflot, Mr. and Mrs. A. R. Eastwood, Mr. and Mrs. G. A. Farlow, Mr. and Mrs. Mark L. Foster, Mr. and Mrs. Oscar Gable, Mr. and Mrs. Burt Newlin, Mr. and Mrs. Hud Prichard, Mr. and Mrs. Andy Walsh, Mr. and Mrs. Clyde Davis, and Mr. and Mrs. Ed Mickle.

PALO DURO AUXILIARY SENDS MONEY TO HOSPITAL

The Palo Duro Unit of the American Legion Auxiliary met Monday afternoon in the regular monthly business session at the Legion hall. Reports from the Armistice Poppy Sale were read and adopted. The committee reported a very successful sale, the profits from which are to be sent to the Rehabilitation Fund of the Auxiliary and will be used for the benefit of the non-compensated veterans in the United States Hospital of the Legion at Kerrville.

Mrs. T. H. Knighton, unit president, appointed a committee to work out plans for furnishing the Legion home here. Mrs. Hubert O. Price will head the committee and will be assisted by Mrs. Frank R. Phillips, Mrs. J. Mad-

son Daugherty, Mrs. Ray Campbell, Mrs. Roscoe Davis. This committee is to make plans on kitchen equipment, linens, furniture for the Auxiliary room, and shades and draperies for the assembly and game rooms.

CANYON A. A. U. W. HONORS STATE PRESIDENT MONDAY

The Canyon Branch of the American Association of University Women of which Mrs. T. B. McCarter is president, entertained Monday afternoon honoring Mrs. Earl G. Wyatt, the recently elected state president of the organization.

The guests of the occasion were members of the Lubbock, Plainview, Pampa and Amarillo chapters of the A. A. U. W.

The program had been planned under the direction of Miss Ruth Lowes and was given as follows:

Greetings from the branch representatives—Pampa, Plainview, Lubbock and Amarillo.
Introduction of the guest of honor—Mrs. T. B. McCarter.
Address—Mrs. Earl C. Wyatt.
President Hill welcomed the visitors briefly and discussed informally the relation between the Teachers Colleges and the A. A. U. W.

Following his discussion, Mrs. C. L. Bochlemocle of Amarillo, Mrs. A. W. Wolfe of Pampa and Mrs. J. M. Walker of Plainview, presidents of the neighboring chapters were introduced and spoke briefly.

Mrs. Earl G. Wyatt, the guest of honor, was introduced by Mrs. T. B. McCarter, and she spoke upon the work of the whole organization.

Among the others who were mentioned in the address of Mrs. Wyatt were Miss Hattie M. Anderson, who is state chairman of the International Relations, and Mrs. Geraldine Green, who attended the national meeting at Boston as the Canyon representative. After the program the company adjourned to the home economics dining room where tea was served. Mrs. J. A. Hill and Miss M. Moss Richardson presided over the beautifully appointed tea table. Miss Novella Goodman, Mrs. Irby Carruth, Miss Jean Moore, Mrs. T. H. McDonald, Miss Mattie Swayne, Mrs. Grant McColey and Miss Marion Nornington assisted in the arrangements and serving.

Mr. and Mrs. C. Shuman visited in the home of their daughter, Mrs. A. J. Newberry of Happy Sunday.

The Pilgrims Originated Thanksgiving, But This Woman Made It a Holiday

WHEN thanks are offered up in countless homes throughout the country on Thanksgiving Day, the chances are remote that some small word of gratefulness will also be said for Sarah Josepha Hale.

The reason, of course, is that most people don't know it was Sarah Josepha Hale who made Thanksgiving a national holiday. This woman, who died only 51 years ago, has been forgotten by the present generation.

Everybody knows that Thanksgiving was originated by the Pilgrim Fathers in Massachusetts back in 1621. But it is not such common knowledge that the observance of the day had virtually passed out of existence at the time of the Civil War. At no time previous to this, for that matter, was the day celebrated universally.

How It Started

Now Sarah Hale, who was doing some writing for the Ladies' Magazine, a Boston publication, thought her position enabled her to start a movement for the national observance of the holiday. She was anxious to have the last Thursday in November set aside as a "common day for our whole nation to express and acknowledge that 'goodness beyond thought and as of power divine' which blesses the increase of the husbandmen, and keeps ward for the safety of the city."

For 20 years Mrs. Hale labored for the idea. She wrote editorials in her magazine and personal letters to governors and presidents with the persistence of a present-day publicity agent. Her efforts were rewarded finally when, in 1863, President Lincoln

Sarah Josepha Hale . . . she also had something to do about "Mary's Little Lamb."

decided to adopt her plan. He issued a proclamation appointing the last Thursday in November, 1863, "as the day of national thanksgiving."

Mrs. Hale took her triumph modestly. She wrote that she was "convinced that the general estimate of feminine character throughout the United States will be far from finding it an objection that this idea of American Union Thanksgiving was suggested by a woman." For, she added, "God gave to man authority, to women, influence; she inspires and persuades. He convinces and compels. It has always been my aim

to use my influence in this womanly way."

Helped Raise Monument

And Mrs. Hale used her womanly influence in other great causes. It was largely through her efforts that the Bunker Hill monument was elevated from a puny shaft of 40 feet to one of the most imposing war memorials in the country. She persuaded the women of New England to raise \$50,000 for the purpose.

She inaugurated the plan for educating women for service in medical and missionary work in foreign lands. She also organized in Boston the Seaman's Aid Society, still going strong.

Mrs. Hale will also be remembered in connection with the popular jingle: "Mary Had a Little Lamb," which she either wrote or popularized. When the rhyme was included anonymously in an anthology of poetry she published, English critics contended it was of English authorship. Mrs. Hale's son, however, said that his mother had definitely told him that she wrote the rhyme.

Born in Newport, N. H., Oct. 24, 1788, she married when 25 David Hale, a prosperous lawyer. Nine years later she was left a widow with five children. It was then she went to work for the Ladies' Magazine which she successfully edited for nine years, when it was merged with Godey's Ladies' Book, published in Philadelphia.

It was while editing Godey's Book, the leading fashion publication of the day, that she won her fight for the establishment of Thanksgiving as a national holiday. She retired at the ripe old age of 89, and died two years later in Philadelphia.

Straw Worth \$1.00 Per Acre to Land

By H. M. Bainer

The life and fertility of a soil is determined to a large extent by the amount of humus or vegetable matter it contains, therefore any attempt to destroy stubble or straw by burning is usually wasteful and expensive. Much of our Southwestern wheat land is already deficient in humus and every pound of stubble that is destroyed by fire makes this condition just that much worse. In addition, careful estimates indicate that the fertility represented in returning the straw to the land is worth approximately \$1.00 per acre.

Of course there are cases when a limited amount of stubble burning is justified, especially when the crop is harvested with a combine, and the growth has been rank and heavy, also in such fields as already have an abundant supply of organic matter. It is true that a slight increase in yield often follows burning but this is only a temporary result and will not continue, it will cause a decrease in yield if the burning is continued for more than one year. Under no circumstances is it advisable to burn the stubble oftener than once in three or four years. When burning is practiced, best results will be secured by not burning more area than can be tilled, immediately following, each day.

To burn stubble will not only cut down on the supply of organic matter and decrease the soil fertility and its water carrying capacity, but it also increases the danger of soil blowing, puddling, cracking and baking. Soils most likely to blow are those that are loose and have insufficient organic matter to bind the particles together. Plenty of organic matter improves the physical condition of the soil and makes it easier to cultivate. Organic matter also stimulates the formation of nitrogen thereby controlling the soil yielding capacity. A live soil always contains plenty of organic matter but a dead soil is usually deficient in it.

Will She Be Second Lady?

Once a cowgirl, Mrs. E. T. Garner, above, wife of Congressman Jack Garner of Texas, may vie for the honor of being "Second Lady of the Land" if her husband is elected speaker of the House of Representatives. It has been contended by some that Mrs. Dolley Gann, sister of Vice President Curtis, is not officially entitled to this honor, as she is not his wife and that next in line is the speaker's wife. Mrs. Garner, however, is not ambitious socially.

CHURCH OF CHRIST.

TELEGRAMS AND GAS

It was recently noted that gasoline filling stations were branching into other lines by adding tires, tobacco and cigarettes, sandwiches, cold drinks and even books to their stock in trade.

Now it is announced that they are to become branch offices for telegraph companies, where tourists and others may file telegrams. In some cases written messages will be delivered to telegraph offices by filling station attendants; in others the sender may use a slot telephone into which his toll may be deposited.

It is reported that one telegraph company has arranged for 3,500 filling station branches under this plan and is negotiating for 2,500 more, while another company will arrange for 3,000.

The new system will be advantageous to persons living in many rural communities as well as to tourists, it is believed. At the same time, greater convenience in telegraphing will doubtless increase this method of communication very materially, which is naturally what the companies have in mind.

A British scientist who asks why man ever ceased to be an ape, forgets apparently that we still have our guerrilla scraps.

ONE EYE ON THE JOB

That a wage-earner, whether a laborer or individual executive, should seek through any legitimate means to better his condition is entirely commendable. But too many seek for such betterment in distant fields, when the real opportunity lies in the present job.

Every employer has to deal with the fellow who no sooner gets located in a position than he begins to look for something better elsewhere. He has one eye on his present job and the other on a new one.

In a majority of cases, particularly if one is working for a sound and reputable concern, an employee would be far better off to concentrate his thoughts and energies on the work he is doing, instead of watching the "help wanted" advertisements.

The Pilgrims Originated Thanksgiving, But This Woman Made It a Holiday

WHEN thanks are offered up in countless homes throughout the country on Thanksgiving Day, the chances are remote that some small word of gratefulness will also be said for Sarah Josepha Hale.

The reason, of course, is that most people don't know it was Sarah Josepha Hale who made Thanksgiving a national holiday. This woman, who died only 51 years ago, has been forgotten by the present generation.

Everybody knows that Thanksgiving was originated by the Pilgrim Fathers in Massachusetts back in 1621. But it is not such common knowledge that the observance of the day had virtually passed out of existence at the time of the Civil War. At no time previous to this, for that matter, was the day celebrated universally.

How It Started

Now Sarah Hale, who was doing some writing for the Ladies' Magazine, a Boston publication, thought her position enabled her to start a movement for the national observance of the holiday. She was anxious to have the last Thursday in November set aside as a "common day for our whole nation to express and acknowledge that 'goodness beyond thought and as of power divine' which blesses the increase of the husbandmen, and keeps ward for the safety of the city."

For 20 years Mrs. Hale labored for the idea. She wrote editorials in her magazine and personal letters to governors and presidents with the persistency of a present-day publicity agent. Her efforts were rewarded finally when, in 1863, President Lincoln

Sarah Josepha Hale . . . she also had something to do about "Mary's Little Lamb."

decided to adopt her plan. He issued a proclamation appointing the last Thursday in November, 1863, "as the day of national thanksgiving."

Mrs. Hale took her triumph modestly. She wrote that she was "convinced that the general estimate of feminine character throughout the United States will be far from finding it an objection that this idea of American Union Thanksgiving was suggested by a woman." For, she added, "God gave to man authority, to women, influence; she inspires and persuades. He convinces and compels. It has always been my aim

to use my influence in this womanly way."

Helped Raise Monument

And Mrs. Hale used her womanly influence in other great causes. It was largely through her efforts that the Bunker Hill monument was elevated from a puny shaft of 40 feet to one of the most imposing war memorials in the country. She persuaded the women of New England to raise \$50,000 for the purpose.

She inaugurated the plan for educating women for service in medical and missionary work in foreign lands. She also organized in Boston the Seaman's Aid Society, still going strong.

Mrs. Hale will also be remembered in connection with the popular jingle: "Mary Had a Little Lamb," which she either wrote or popularized. When the rhyme was included anonymously in an anthology of poetry she published, English critics contended it was of English authorship. Mrs. Hale's son, however, said that his mother had definitely told him that she wrote the rhyme.

Born in Newport, N. H., Oct. 24, 1788, she married when 25 David Hale, a prosperous lawyer. Nine years later she was left a widow with five children. It was then she went to work for the Ladies' Magazine which she successfully edited for nine years, when it was merged with Godey's Ladies' Book, published in Philadelphia.

It was while editing Godey's Book, the leading fashion publication of the day, that she won her fight for the establishment of Thanksgiving as a national holiday. She retired at the ripe old age of 89, and died two years later in Philadelphia.

Straw Worth \$1.00 Per Acre to Land

By H. M. Balmer

The life and fertility of a soil is determined to a large extent by the amount of humus or vegetable matter it contains, therefore any attempt to destroy stubble or straw by burning is usually wasteful and expensive. Much of our Southwestern wheat land is already deficient in humus and every pound of stubble that is destroyed by fire makes this condition just that much worse. In addition, careful estimates indicate that the fertility represented in returning the straw to the land is worth approximately \$1.00 per acre.

Of course there are cases when a limited amount of stubble burning is justified, especially when the crop is harvested with a combine, and the growth has been rank and heavy, also in such fields as already have an abundant supply of organic matter. It is true that a slight increase in yield often follows burning but this is only a temporary result and will not continue, it will cause a decrease in yield if the burning is continued for more than one year. Under no circumstances is it advisable to burn the stubble oftener than once in three or four years. When burning is practiced, best results will be secured by not burning more area than can be tilled, immediately following, each day.

To burn stubble will not only cut down on the supply of organic matter and decrease the soil fertility and its water carrying capacity, but it also increases the danger of soil blowing, puddling, cracking and baking. Soils most likely to blow are those that are loose and have insufficient organic matter to bind the particles together. Plenty of organic matter improves the physical condition of the soil and makes it easier to cultivate. Organic matter also stimulates the formation of nitrogen thereby controlling the soil yielding capacity. A live soil always contains plenty of organic matter but a dead soil is usually deficient in it.

Will She Be Second Lady?

Once a cowgirl, Mrs. Ettie Garner, above, wife of Congressman Jack Garner of Texas, may vie for the honor of being "Second Lady of the Land" if her husband is elected speaker of the House of Representatives. It has been contended by some that Mrs. Dolley Gann, sister of Vice President Curtis, is not officially entitled to this honor, as she is not his wife and that next in line is the speaker's wife, Mrs. Garner, however, is not ambitious socially.

TELEGRAMS AND GAS

It was recently noted that gasoline filling stations were branching into other lines by adding tires, tobacco and cigarettes, sandwiches, cold drinks and even books to their stock in trade.

Now it is announced that they are to become branch offices for telegraph companies, where tourists and others may file telegrams. In some cases written messages will be delivered to telegraph offices by filling station attendants; in others the sender may use a slot telephone into which his toll may be deposited.

It is reported that one telegraph company has arranged for 3,500 filling station branches under this plan and is negotiating for 2,500 more, while another company will arrange for 3,000.

The new system will be advantageous to persons living in many rural communities as well as to tourists, it is believed. At the same time, greater convenience in telegraphing will doubtless increase this method of communication very materially, which is naturally what the companies have in mind.

A British scientist who asks why man ever ceased to be an ape, forgets apparently that we still have our guerrilla scraps.

CLAUDE MUSTANGS PUT TIRED EAGLES OUT OF CONFERENCE BY 28-6

A snorting and running Mustang eleven raced to victory over the Eagles last Saturday handing them a smashing defeat of 28 to 6. The Eagles played a good game but could not keep the pace set by their opponents since this made their third game in four days.

The Mustangs carried the ball down the field for the first counter in the first five minutes of the game but failed to make the extra point. Then Wiggins, the Eagles' left end surprised the Mustangs by intercepting a lateral pass and running 50 yards for a touchdown. Strain failed to make the extra point and the score rested 6-6 for the remainder of the quarter. Then in the second quarter, a pass was completed to Deaton, playing right end, who toted the ball over for Claude's second counter. Claude made the extra point and left the Eagles on the little end of a 13-6 score. Connie Lockhart completed another pass to Deaton, who ran 50 yards for the third counter of the game. The extra point was made and the score remained 20 to 6 until the half. The weary Eagles rallied and held the Mustangs in the third quarter. In the last quarter the Mustangs abandoned the aerial attack and plunged the ball over for the fourth score. Claude failed to make the extra point and left the score 26-6. The extra two points were made just before the final whistle, as a result of a safety, leaving the Eagles on the little end of a 28 to 6 score.

Claude attempted 10 passes, completed 5 and had two intercepted.

Eagles attempted 11 passes, completed 6 and had two intercepted.

Seniors Win Both Debates Friday Night

A few members of the C. H. S. Talikes have been showing their ability in the interclass debates. Each class has a girls' and a boys' team.

The freshman girls, Robbye Lee Foster and Maxine Wallace, debated and won over the sophomore girls; Jeanette Golden and Kate Barnett. The Junior girls, Oriane Gunter and Katye B. Lowe debated and lost to the senior girls, Elizabeth Jameson and Charline Wiseman. The senior girls are the class champions. Elizabeth Jameson and Katye B. Lowe were chosen the best individual debaters and will represent the C. H. S. Talikes in the contest in Amarillo.

The junior boys, Vincent Lockhart and Dale Bowman debated and lost to the senior boys, Irving Gamewell and George Goede. The freshman boys, Eugene Brian and Earl Richie will debate with the sophomore boys, Ogden Stroud and Robert Black, Monday, Nov. 24. The winning team will debate the seniors the same day. The best individual debaters will be chosen to represent us in Amarillo, Dec. 13 and 14.

Besides the debate contest, the C. H. S. Talikes will also be represented in the declamation and oratory contest by Elizabeth Faulkner and Rosa Cash respectively. The other contests have not yet been decided.

Silverton Owls Lose to Eagles at Buff Stadium

Flying on to victory the Eagles conquered the Silverton Owls last Friday at the Buffalo Stadium. The Eagles won this game by the largest score that they have made this season. Silverton came out on the little end of a 33 to 14 score.

Canyon scored her first counter in the first two minutes of the game and immediately followed it by another touchdown and an extra point. This fracas left the score 13-0 in favor of the Eagles. Strain launched an aerial attack and scored two touchdowns and an extra point. Silverton scored their first counter at the last of the second quarter which left the score 26 to 7. In the third quarter the Eagles completed a long pass and scored a touchdown and extra point. Then Silverton scored again in the last quarter, leaving the final score 33-14 with the Eagles on the big end of the score.

Exes

Canyon High students evidently like Canyon school life and wish to continue it. From the 1930 class of sixty-three students, forty-four of them are attending college. Forty of that forty-four are enrolled in West Texas State Teachers College.

Earl Cross is enrolled at Southwestern Oklahoma Teachers College. Gerald Wherry is enrolled in Texas Tech at Lubbock. Warren Whaley and P. C. Keirsey are attending Kansas Agricultural College at Manhattan.

NEW RULES

Enforcement of rules has evidently been the object of the faculty the past week. No loafing between 8:30 and 9:00 in the halls, or no round circle discussions between bells, to the class room and then to work. Although at first the students did not see the point of all this, they now realize after a few weeks' trial that those few minutes are valuable if spent in studying.

Veterans of War Speak to C. H. S. On Armistice Day

Tuesday, Nov. 11th the high school students met in the auditorium for an Armistice Day program.

Patriotic songs were sung and Dr. Grant McColley, head of the English department of W. T. S. T. C. and Mr. McDonald, principal of the high school addressed the student body.

Dr. McColley talked of war, its causes and results. He showed the students what a mistake war was. Mr. McDonald spoke of the American flag, the treatment and respect due it.

NEW HIGH SCHOOL SUBJECTS

Several additions have been made to the high school course of study this year, and are proving very interesting and beneficial. Vocational guidance, a new subject under the direction of Mr. Carruth is especially for seniors. Physical Education which every student in high school is required to take is directed by Mrs. Brady and Miss Weter for the girls, and Mr. Brady for the boys. Much helpful exercise is gained in these classes.

Physics, though not a new subject in high school, was not taught last year, so it is considered a new subject this year. A course in public speaking has also been added. Another new subject taught by Coach Brady, and which every student should study before graduating, is health. Only a few students are taking it.

Besides these new subjects the home room plan has been introduced. In the home rooms programs on subjects of interest to high school students such as travel, manners, new inventions, and important people of the past and present are given. Several new clubs have also been organized. They are the science club, the press club, a girls' club and the athletic club.

The new subjects afford the student a wider field of electives from which to choose, and with the number of clubs there now are, every one in school should belong to at least one of them.

Girls' League

A girls' league under the sponsorship of Miss Stella Rusk, was organized last Wednesday during home room period.

This league consists of every girl in high school and will meet once every two weeks. Its programs shall be the discussion of girls' problems.

A question box is to be put up and any one desiring to ask questions may do so by placing them in the box. These questions will be discussed at the next meeting.

At the last meeting the league was formally organized and the following officers were chosen for the year: President, Charlene Wiseman; vice president, Florine Bowman, secretary, Katye B. Lowe; treasurer, Armor Lee Greenfield.

Dimmitt Game Null

The game played last Wednesday with Dimmitt was cancelled on the basis that no admission was charged.

The District Council still ruled that the Eagles must play one more conference game, hence the Silverton game.

Boom! Rah! Eagles! echoed thru the halls of Canyon High last Thursday when all of the students met and had a peppy pep meeting. The Eagles have come through the rough and every one is proud of them. The purple pep girls have supported the team but the boys have not. Therefore these backsliders were challenged in regard to the number at the next game.

The trouble with modern youth seems to be too much aspiration without enough perspiration.

Allison Entertains

Eric Allison, an ex-student of C. H. S., entertained a number of his friends with a delightful house party last Sunday. At the noon hour, a delicious turkey dinner was served to the following guests: Nannie Archer, Mildred O'Donald, Sybil Gidden, Ruth Dungan, Colly and Veda Burrus, Louise Wester, Raymond Schmitz, Bill Dungan, and George Archer.

The afternoon was spent by playing interesting games under the direction of Mrs. Allison. Later in the afternoon grape juice and cake were served.

How would you like to pick up your telephone and, almost as quickly as on a local call, get in touch with friends, relatives, business associates, a hundred...two hundred...miles away?

It's easy. All you have to do is give the number of the out-of-town telephone you are calling.

Knowing the number saves the operator the time of looking it up in the directory, and enables her in most cases to ring the telephone almost as quickly as if it were in your own town.

To make it easy for you to use this speedy method, we will supply you, if you wish, with an "out-of-town number book," listing the names and addresses of your out-of-town friends, relatives, business associates, and telling you how much it will cost to talk for three minutes to each.

THIS BOOKLET IS FREE

To obtain one, simply write on the coupon the names and addresses of three or more persons in other cities whose telephone numbers you would like to keep handy. Then mail or bring the list to the office of the telephone company.

In the last quarter the Mustangs abandoned the aerial attack and plunged the ball over for the fourth score. Claude failed to make the extra point and left the score 26-6. The extra two points were made just before the final whistle, as a result of a safety, leaving the Eagles on the little end of a 28 to 6 score.

Claude attempted 10 passes, completed 5 and had two intercepted.

Eagles attempted 11 passes, completed 6 and had two intercepted. The line-up:

Elliston	Left End	Beard	Strain	Right End	Campbell
Miller	Left Tackle	Moore	Pearson	Quarter	Vinyard
Taylor	Left Guard	Fleming	Tucker	Right Half	Hood
Bell	Center	Hollingsworth	Wooten	Left Half	Lockhart

Seniors Win Both Debates Friday Night

A few members of the C. H. S. Talkies have been showing their ability in the interclass debates. Each class has a girls' and a boys' team.

The freshman girls, Robbye Lee Foster and Maxine Wallace, debated and won over the sophomore girls; Jeanette Golden and Kate Barnett. The Junior girls, Oriene Gunter and Katye B. Lowe debated and lost to the senior girls, Elizabeth Jameson and Charline Wiseman. The senior girls are the class champions. Elizabeth Jameson and Katye B. Lowe were chosen the best individual debaters and will represent the C. H. S. Talkies in the contest in Amarillo.

The junior boys, Vincent Lockhart and Dale Bowman debated and lost to the senior boys, Irving Gamewell and George Goede. The freshman boys, Eugene Brian and Earl Richie will debate with the sophomore boys, Ogden Stroud and Robert Black, Monday, Nov. 24. The winning team will debate the seniors the same day. The best individual debaters will be chosen to represent us in Amarillo, Dec. 13 and 14.

Besides the debate contest, the C. H. S. Talkies will also be represented in the declamation and oratory contest by Elizabeth Faulkner and Rosa Cash respectively. The other contests have not yet been decided.

Silverton Owls Lose to Eagles at Buff Stadium

Flying on to victory the Eagles conquered the Silverton Owls last Friday at the Buffalo Stadium. The Eagles won this game by the largest score that they have made this season. Silverton came out on the little end of a 33 to 14 score. Canyon scored her first counter in the first two minutes of the game and immediately followed it by another touchdown and an extra point. This fracas left the score 13-0 in favor of the Eagles. Strain launched an aerial attack and scored two touchdowns and an extra point. Silverton scored their first counter at the last of the second quarter which left the score 26 to 7. In the third quarter the Eagles completed a long pass and scored a touchdown and extra point. Then Silverton scored again in the last quarter, leaving the final score 33-14 with the Eagles on the big end of the score.

Exes

Canyon High students evidently like Canyon school life and wish to continue it. From the 1930 class of sixty-three students, forty-four of them are attending college. Forty of that forty-four are enrolled in West Texas State Teachers College.

Earl Cross is enrolled at Southwestern Oklahoma Teachers College. Gerald Wherry is enrolled in Texas Tech at Lubbock. Warren Whaley and P. C. Keirsey are attending Kansas Agricultural College at Manhattan.

NEW RULES

Enforcement of rules has evidently been the object of the faculty the past week. No loafing between 8:30 and 9:00 in the halls, or no round circle discussions between bells, to the class room and then to work. Although at first the students did not see the point of all this, they now realize after a few weeks' trial that those few minutes are valuable if spent in studying.

The bride is usually given away, but the groom finds himself sold when the charming playmate turns out a total loss as a helpmate.

Veterans of War Speak to C. H. S. On Armistice Day

Tuesday, Nov. 11th the high school students met in the auditorium for an Armistice Day program.

Patriotic songs were sung and Dr. Grant McColley, head of the English department of W. T. S. T. C. and Mr. McDonald, principal of the high school addressed the student body.

Dr. McColley talked of war, its causes and results. He showed the students what a mistake war was. Mr. McDonald spoke of the American flag, the treatment and respect due it.

NEW HIGH SCHOOL SUBJECTS

Several additions have been made to the high school course of study this year, and are proving very interesting and beneficial. Vocational guidance, a new subject under the direction of Mr. Carruth is especially for seniors. Physical Education which every student in high school is required to take is directed by Mrs. Brady and Miss Weter for the girls, and Mr. Brady for the boys. Much helpful exercise is gained in these classes. Physics, though not a new subject in high school, was not taught last year, so it is considered a new subject this year. A course in public speaking has also been added. Another new subject taught by Coach Brady, and which every student should study before graduating, is health. Only a few students are taking it.

Besides these new subjects the home room plan has been introduced. In the home rooms programs on subjects of interest to high school students such as travel, manners, new inventions, and important people of the past and present are given. Several new clubs have also been organized. They are the science club, the press club, a girls' club and the athletic club.

The new subjects afford the student a wider field of electives from which to choose, and with the number of clubs there now are, every one in school should belong to at least one of them.

C. H. S. TALKIES PRESENT FIRST COMEDY OF SEASON IN HI SCHOOL AUDITORIUM

Girls' League

A girls' league under the sponsorship of Miss Stella Rusk, was organized last Wednesday during home room period.

This league consists of every girl in high school and will meet once every two weeks. Its programs shall be the discussion of girls' problems.

A question box is to be put up and any one desiring to ask questions may do so by placing them in the box. These questions will be discussed at the next meeting.

At the last meeting the league was formally organized and the following officers were chosen for the year: President, Charlene Wiseman; vice president, Florine Bowman; secretary, Katye B. Lowe; treasurer, Armor Lee Greenfield.

Dimmitt Game Null

The game played last Wednesday with Dimmitt was cancelled on the basis that no admission was charged.

The District Council still ruled that the Eagles must play one more conference game, hence the Silverton game.

Boom! Rah! Eagles! echoed thru the halls of Canyon High last Thursday when all of the students met and had a peppy pep meeting. The Eagles have come through the rough and every one is proud of them. The purple pep girls have supported the team but the boys have not. Therefore these backsliders were challenged in regard to the number at the next game.

The trouble with modern youth seems to be too much aspiration without enough perspiration.

Allison Entertains

Eric Allison, an ex-student of C. H. S., entertained a number of his friends with a delightful house party last Sunday. At the noon hour, a delicious turkey dinner was served to the following guests: Nannie Archer, Mildred O'Donald, Sybil Gidden, Ruth Dungan, Coily and Veda Burrus, Louise Wester, Raymond Schmitz, Bill Dungan, and George Archer.

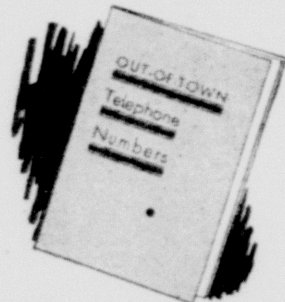

The afternoon was spent by playing interesting games under the direction of Mrs. Allison. Later in the afternoon grape juice and cake were served.

How would you like to pick up your telephone and, almost as quickly as on a local call, get in touch with friends, relatives, business associates, a hundred...two hundred...miles away?

It's easy. All you have to do is give the number of the out-of-town telephone you are calling.

Knowing the number saves the operator the time of looking it up in the directory, and enables her in most cases to ring the telephone almost as quickly as if it were in your own town.

To make it easy for you to use this speedy method, we will supply you, if you wish, with an "out-of-town number book," listing the names and addresses of your out-of-town friends, relatives, business associates, and telling you how much it will cost to talk for three minutes to each.

THIS BOOKLET IS FREE

To obtain one, simply write on the coupon the names and addresses of three or more persons in other cities whose telephone numbers you would like to keep handy. Then mail or bring the list to the office of the telephone company.

World's Famous Violinist Gives Concert Friday

When Fritz Kreisler gives his concert Friday night, November 21, at the Amarillo Auditorium and when Paderewski appears on February 20, Emil F. Myers of the Amarillo College of Music who has been sponsoring artists here for 17 years will have realized his ambition of bringing all the stars of the first magnitude to Amarillo. Mr. Myers claims that with these two appearing the task is finished. The list includes Schumann-Heink, who has sung here three times and John McCormack, Galli-Curci, who is to appear again next March. John Phillip Sousa, Geraldine Farrar and Mary Garden, who appeared under Mr. Myers' auspices two years ago in "Thais" and recently appeared under auspices of the Fair.

"They are all gone, there are no more," Mr. Myers declared, referring to the world's greatest musical celebrities.

Fritz Kreisler, the world's greatest violinist, will appear here Friday, November 21 at 8:15 p. m. Mr. Myers has the following to say about Kreisler concerts and his appearance here:

"Today a Kreisler concert is not only a musical event, it is also a great social event. His recitals in Carnegie Hall, New York, are sold out weeks before he even arrives in the country, and it is the same with him everywhere. His concerts be they in New York or San Francisco, in Berlin or in Paris, are invariably sold out long in advance. Kreisler occupies a lofty position in the musical world. No other living violinist has such drawing power and this great popularity is to be explained chiefly by his wonderful playing. His technique is remarkable for its fluency, elasticity and transparency. He has fingers of India rubber, gloved in velvet. Every note is distinctly audible, even the most rapid runs and arpeggios. He has a style all his own, a style of wondrous charm and appeal. Kreisler's versatility is remarkable, being a supreme pianist as well as a great violinist. Musicians have always marvelled at Kreisler's piano playing; he can play from memory the accompaniments to all the standard works in the entire violin literature."

The Amarillo Method

Unemployment relief has been a real condition and not a theory in Amarillo for more than a year. Result, no unemployment crisis, \$2,000,000 in public improvements at reasonable cost, yearly cut of \$750,000 for 50,000 people in taxes, gas, electricity, water, and city expense, and a "white spot" in the nation's industrial map through all the "hard times."

This is a challenge to the state and nation in a critical year. Probably it is without parallel. Certainly it arrests attention.

The cause, a mayor who meant what he said in election promises of public improvements, economy, lower taxes, cheaper utilities, unpenalized home ownership, attractive living conditions, progressive leadership, private business methods in public affairs.

And now Amarillo's mayor, Col. Ernest O. Thompson, is named with six other American Legionnaires as a committee in Texas to devise ways and means for relieving unemployment, a part of the national machinery set in motion for that purpose.

"We saw hard times ahead two years ago," says Mayor Thompson, "and began preparing for them. Public improvements planned to extend over a longer period were concentrated into one year. Contracts demanded home labor. Floaters were not hired, and are not welcome in Amarillo."

"This year's work included paving, sewer and water extensions, two railroad underpasses and five parks, all costing \$800,000, five new school buildings \$550,000. This month we start a third underpass to cost \$170,000, a new court house \$420,000."

"These major projects total \$1,940,000, minor items around \$2,000,000. They have kept many men busy, prevented distress. A good living wage was paid. Materials were bought cheap. Every item constructive. No waste."

"We have bargained with the utilities. The city set the example by cutting water from 50 to 27 cents, reducing tax rate from \$1.35 to \$1. Gas was cut from 45 to 38 cents, electricity from 9 to 7 cents. Railroads paid half the cost of underpasses. Competition on paving bids was stimulated by grouping contracts, reducing cost \$125,000. Extended pavements cut maintenance \$13,000. Garbage removal was cut \$12,000. Gas and electricity for city use and public schools are billed as if all passed through one meter, and schools are put in lowest bracket, at one and one-third kilowatt hour saving \$10,000 a year. The year's total reductions and economies are \$750,000 for 50,000 people."

"We have encouraged the railroads. Hundreds of miles of new lines are building in Amarillo's vicinity, with hundreds more planned, taking further slack out of employment."

A Bird in Hand—

One Thanksgiving shopper who believes that a bird in hand is worth two in the bush is Little Miss Ruth Brown, above, who is shown here smiling in anticipation of a great feast from the big fellow in the foreground. Ruth got the turkey at the Monterey County Fair at Del Monte, Calif., recently.

Improving Texas Turkey Market.

College Station—How to feed and fit turkeys to meet the United States grades which will be used in buying and selling at many Texas points this year is the object of a series of one-day turkey schools for farmers, inaugurated recently by the A. & M. College Extension Service through county and home demonstration agents in cooperation with local dealers and cooperative associations. Beginnings in South Texas with Curoo as a starting point, Paul A. Cunyus, assistant extension poultry husbandman, and H. L. Shrader, extension poultryman, United States Department of Agriculture, are helping local extension agents in drilling turkey raisers in the essential points in the new grading system outlined at the recent Southwest Turkey Grading School at San Angelo.

Farmers are told that because turkeys wait until real cold weather to put on fat and to mature their feathers, it is very hard to produce high grade Texas turkeys for the Thanksgiving market. Lack of finish and excessive pin feathers cause the early season Texas product to sell at a disadvantage many times. Further-

more, it is pointed out that in seven out of ten years the Christmas market is higher in price than the Thanksgiving market, and that half the time the January market is equal to or better than the Christmas market. Systematic feeding and watering during several weeks of cool weather prior to selling is recommended to producers as a means of making turkeys take the prime or choice grades which top the market.

Other important factors lowering the grade of Texas turkeys are careless handling, poor bleeding, and forced feeding, farmers are shown in these schools. Tying wings or feet, loading in shallow coops, or any kind of rough handling from farm to market or in the dressing plant will produce bruises which materially reduce the grade. Feed left in the crop quickly sours, and unless the crop is carefully removed at the dressing plant, the grade may be lowered as much as two or three cents per pound. Even if removed, such turkeys cannot make the highest grade, prime. Other U. S. grades are choice, medium and common, all four grades being further qualified by age and sex.

"May I ask you how old you are?" said the vacationist to the old villager.

"I be just a hundred."

"Really? Well, I doubt if you will see another hundred years," said the other, trying to make conversation.

"Well, I don't know so much about that," was the ready response. "I be stronger now than when I started on the first hundred."

"How do you like my dress, Tom? Dad got it for my eighteenth birthday."

"Certainly worn well, hasn't it?"

R. P. JARRETT NOMINATED BY ALUMNI CLUB

LOCAL PEABODY ALUMNI HOPE
TO MAKE W. T. DEAN
TRUSTEE.

The local Peabody Alumni Club of W. T., composed of alumni of the Peabody College at Nashville, Tennessee, has nominated Dr. R. P. Jarrett, dean of this college, for Alumni Trustee of Peabody.

Every year alumni of Peabody elect a member to the board of trustees to serve two years. This year three candidates have been nominated: Dr. McClure of the University of Missouri; Dr. Hillman, of the State Department of Education of North Carolina; and Dr. R. P. Jarrett, of W. T.

Many feel that Dr. Jarrett is essentially worthy and well qualified for this honor. He first entered Peabody in 1902. He is a connecting link between the old

college and the new college, as he has been a student in both. He has been three times graduated from Peabody, receiving his B. S. degree in 1917, his M. A. in 1917 (summer), and his Ph. D. in 1927.

Dr. Jarrett has had educational experience as a rural school teacher, high school principal, superintendent of schools, head of a college department, and dean of W. T. He has made an enviable record in school work in Texas and is considered one of its leaders in education.

"People of W. T. and Canyon are greatly interested in Dr. Jarrett's nomination, and hope for his election, not only because of the honor it will bring to him, but to this institution as well," stated Dr. Harris M. Cook, dean of men of W. T.

The P. T. A. was held Saturday night. After the business meeting a very good program was rendered by the school children. Later refreshments were served.

Mr. and Mrs. C. C. Stewart and family spent Sunday at the W. H. Upchurch home in Canyon.

Mr. and Mrs. L. J. Fulton and family visited friends in Amarillo Sunday.

Mr. and Mrs. F. J. McMahan visited Mrs. P. C. Gruner Sunday.

Mr. and Mrs. Sam Elliott are visiting Mrs. E. M. Elliott this week.

Mrs. O. T. Roddy and Mrs. W. H. Upchurch and daughter visited Mrs. C. C. Stewart Thursday afternoon.

Charlie Beard entertained a number of his friends of this community and of Canyon Tuesday evening at the J. P. Upchurch canyons.

PROBATE NOTICE

THE STATE OF TEXAS

To the Sheriff or any Constable of Randall County—Greeting:

You are hereby commanded to cause to be published from twenty days, exclusive of the first day of publication, and the return day hereof, in some newspaper of general circulation published in said county, which has been continuously and regularly published in said county for a period of not less than one year, the following notice:

THE STATE OF TEXAS.

To all Persons interested in the estate of Robert Lee Wesley, deceased:

You are hereby notified that Mrs. Maude Wesley, community administrator of the estate of Robert Lee Wesley, deceased, has filed in the County Court of Randall County, Texas, where said estate is pending, her final account with said estate and an application to be discharged as such administrator and that she and her bondsmen be discharged from further liability to said estate and that same be closed, which application was filed in said court on the 10th day of November, A. D. 1930, and will be heard at the next regular term of the County Court of Randall County, Texas, commencing on the Second Monday in December, A. D. 1930, the same being the 8th day of December, A. D. 1930, at the court house in Canyon, Randall County, Texas, at which time and place all persons interested in said estate are hereby required to appear and contest said application if they see proper.

HEREIN FAIL NOT, but have you then and there before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.

GIVEN under my hand and seal of office, this 10th day of November A. D. 1930.

Rev. T. D. Sumrall will preach here Sunday afternoon at 2:30 o'clock. The public is invited to attend this service. Quite a number were present for Sunday School last Sunday, but we are anxious to have more attend.

Mr. and Mrs. J. R. Bonds took dinner with Mr. and Mrs. Roby Sunday.

Mrs. H. E. Knox entertained with a fine vegetable supper Sunday evening. Those present were Mr. and Mrs. Billie Knox of Canadian; Mr. and Mrs. J. R. Bonds; Mr. and Mrs. Rex Roby and Ernest Duncan.

Elara Duncan spent Sunday night with Bertha Sykes.

A number from this community attended the singing at Fairview Sunday.

Mr. and Mrs. Rex Roby were surprised Monday by a visit from relatives from Murray, Texas, and also two cousins from Amarillo. They returned Tuesday.

We regret the loss of one of our fifth grade boys, Donald Neubauer, who is moving with his parents to Nevada.

Henry Ratjen and family and Amos Ratjen and family went to Plainview Saturday.

W. G. Hicks returned home Saturday from a visit to his father, who lives in Ellis county.

Alvis, J. T. and Bertha Sykes ran over an old mule of Mr. McClendon's Friday night as they were going to the home of H. H. Groom.

DON'T ABANDON THE DAIRY

Times are discouraging. Some think the country is going to the dogs. Farmers find low prices offered for nearly everything they have to sell. Some have a drouth on top of it. There is a tendency to formerly profitable lines, such as dairying, to fish in new waters. But those who stay "put" and continue to cut costs will likely keep on making some money from cows, because many who have been managing herds wisely have been making small profits all summer.

As a matter of fact the average woman doesn't change her mind as often as she changes the mind of her husband.

Farming pays in Randall county.

that padlock off your purse!

YOU MAY THINK in sealing up your purse you are protecting your individual prosperity in hoarding a reserve that will keep you until real good times come around again. Don't you realize that within that locked purse you are actually imprisoning prosperity and the scarcer will be the dollars that will come to you to store away in that purse.

WHETHER YOU ARE a wage-earner a merchant or a manufacturer your income must come from what some one else is spending or consuming. People must buy the things YOU sell or produce or business becomes stagnant—the wage-earner is discharged, the merchant fails and the manufacturer ceases production for lack of replacement orders.

WHERE IS YOUR INCOME coming from if every one keeps a padlock on his purse? Spending is the only media of prosperity—money kept in circulation is the motive power that keeps business going; keeps

employment active and guarantees your personal prosperity.

ALL AMERICA IS COMING to a realization of that fact now—awakening to the real source of depression and is entering upon a relief program of BUYING so that the merchant has an outlet for his goods—so he can order from the manufacturer—so the manufacturer can employ more help to produce those goods, and buy raw material from the farmers—so the worker and the farmer will have more money to spend. There is no relief from depression; no return to prosperity; no solution to unemployment, no demand for raw materials the farmer holds until buying becomes general.

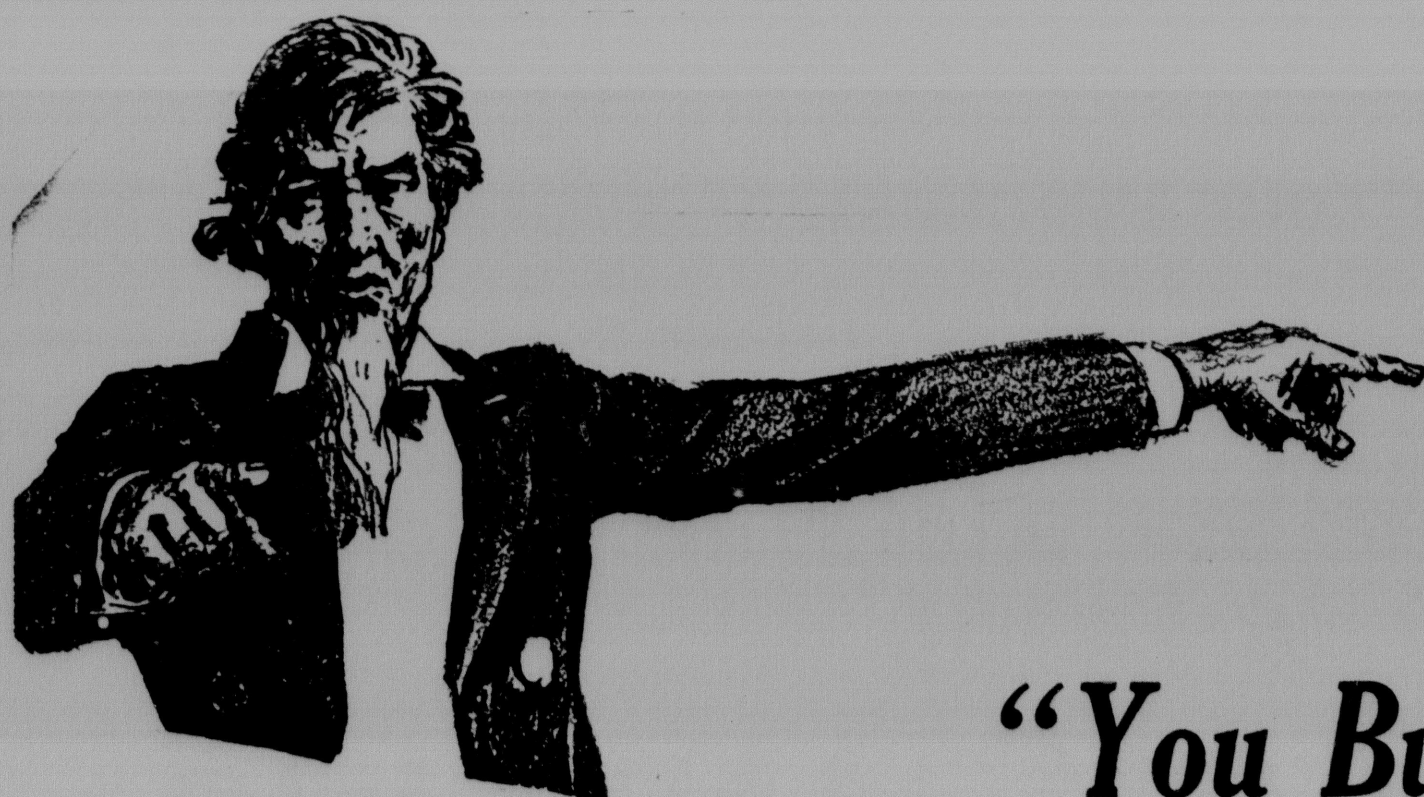

THE MAUFACTURERS and merchants are doing their part now to make buying an inducement and a profit to the consumers because prices now on all important commodities are down to the lowest possible levels.

believe that the present day high school girl has no time to do things at home would be surprised at the work of the vocational home economics group of the high school department of W. T.

Here twenty-four girls, under the direction of their instructor, Miss Corrella Nuzum, are carrying forward home projects. Recently the girls who belong to the cooking class invited their mothers to a breakfast which they planned, prepared and served. Following the meal, the girls, the teacher and their mothers discussed the home projects which the girls have undertaken. Miss Nuzum found the mothers eager to help their daughters to become efficient housekeepers.

Each girl chooses a task or tasks which will require a minimum of 60 hours in the home.

One girl is planning, preparing and serving the Sunday dinners for her family, and two get up early and prepare the family breakfast each morning.

Another cooked and served a three course dinner at Halloween and invited six guests to share it. Still another girl whose mother is a college student prepares the evening meal, while her sister, who is also in the class gets breakfast each day.

Three girls are making quilts. One is making a patchwork bathrobe, using a star design which she worked out herself. Designing and making clothing for a small niece is another's choice.

Some are improving their bedrooms or the home kitchen by painting furniture and woodwork, waxing floors, and making curtains or bed and dresser sets. Still others are remodeling clothes in to suitable garments for themselves, making underclothing budgets and then fashioning the garments. One girl will soon appear in a velvet patchwork jacket and tam which she is making.

The girls who are doing all these things are about fifteen years of age. Their teacher knows each of them intimately and visits every home represented.

Toward the close of the year some of the girls will be chosen to go to the State Clothing Contest which is held annually under the direction of the State Department of Education.

The girls who are in the classes are almost all Randall county girls, living at home, but one had to find a project should could work out in a dormitory.

Those receiving this training are Edith Pierce, Opal Smith, Elaine Myers, Jewel Harris, Fern Love, Willie Lee Dunlap, Helen Johnson, Marie Kuhlman, Dollie Mc-

Leroy, Dora Miller, Pansy Myers, Dollie Pay Nobles, Gertrude Rusk, Ima Thomas, Mary West, Pearl Bice, Thurza Bourland, Wilma Harris, Pauline Griffith, Frances Holman, Margaret Meyer, Roberta Montgomery, Leona Meyer and Edna Irene Bandy.

Using as his subject, "Feeding Wheat to Live Stock," Prof. T. M. Moore of the agriculture department of the College, addressed a large crowd of farmers at Sumnerfield, Deaf Smith county on Wednesday night.

The meeting was one of the Deaf Smith County Agricultural Council, the organization of which, was perfected recently under the direction of the county agent of that county.

Mr. Moore based his remarks upon a survey made recently by the agriculture department of the College, and upon experiments conducted with the feeding of wheat at the College Farm.

believe that the present day high school girl has no time to do things at home would be surprised at the work of the vocational home economics group of the high school department of W. T.

Here twenty-four girls, under the direction of their instructor, Miss Corrella Nuzum, are carrying forward home projects. Recently the girls who belong to the cooking class invited their mothers to a breakfast which they planned, prepared and served. Following the meal, the girls, the teacher and their mothers discussed the home projects which the girls have undertaken. Miss Nuzum found the mothers eager to help their daughters to become efficient housekeepers.

Each girl chooses a task or tasks which will require a minimum of 60 hours in the home.

One girl is planning, preparing and serving the Sunday dinners for her family, and two get up early and prepare the family breakfast each morning.

Another cooked and served a three course dinner at Halloween and invited six guests to share it. Still another girl whose mother is a college student prepares the evening meal, while her sister, who is also in the class gets breakfast each day.

Three girls are making quilts. One is making a patchwork bathrobe, using a star design which she worked out herself. Designing and making clothing for a small niece is another's choice.

Some are improving their bedrooms or the home kitchen by painting furniture and woodwork, waxing floors, and making curtains or bed and dresser sets. Still others are remodeling clothes in to suitable garments for themselves, making underclothing budgets and then fashioning the garments. One girl will soon appear in a velvet patchwork jacket and tam which she is making.

The girls who are doing all these things are about fifteen years of age. Their teacher knows each of them intimately and visits every home represented.

Toward the close of the year some of the girls will be chosen to go to the State Clothing Contest which is held annually under the direction of the State Department of Education.

The girls who are in the classes are almost all Randall county girls, living at home, but one had to find a project should could work out in a dormitory.

Those receiving this training are Edith Pierce, Opal Smith, Elaine Myers, Jewel Harris, Fern Love, Willie Lee Dunlap, Helen Johnson, Marie Kuhlman, Dollie Mc-

Leroy, Dora Miller, Pansy Myers, Dollie Fay Nobles, Gertrude Rusk, Irma Thomas, Mary West, Pearl Bice, Thurza Bourland, Wilma Harris, Pauline Griffith, Frances Holman, Margarette Meyer, Roberta Montgomery, Leona Meyer and Edna Irene Bandy.

MOORE TALKS TO DEAF SMITH COUNTY FARM MEET

Using as his subject, "Feeding Wheat to Live Stock," Prof. T. M. Moore of the agriculture department of the College, addressed a large crowd of farmers at Sumnerfield, Deaf Smith county on Wednesday night.

The meeting was one of the Deaf Smith County Agricultural Council, the organization of which, was perfected recently under the direction of the county agent of that county.

Mr. Moore based his remarks upon a survey made recently by the agriculture department of the College, and upon experiments con-

ducted with the feeding of wheat at the College Farm.

C. P. Hileman accompanied J. J. Leavitt to Canyon Friday. This

was the first trip the aged man had made in four years.

M. W. Dooley and family and his mother, Mrs. Dooley, spent Sunday with relatives near Dimmitt.

Bill Sims and Clarence Leavitt attended the wrestling match in Amarillo Friday night.

ATTENDS FUNERAL

Mrs. Will Myers attended the funeral at Plainview last Tuesday of J. A. Price, a relative by marriage. Mr. Price was well known in Canyon through his visiting here. Mrs. Myers also visited her daughters, Mrs. Lillian Daffern, Mrs. J. D. Price, and son, Calvin, while there.

About the time the Sturdy Oak gets up the courage to wear his new straw hat, the Cling Vine is shopping for the new fall styles.

T. S. Furlow was a business visitor in Plainview Monday of this week.
